
Proceedings

OF THE

Government of His Highness the Maharaja of Mysore

APRIL 1908

BANGALORE:
PRINTED AT THE GOVERNMENT PRESS
1908.

CONTENTS FOR APRIL 1908.

PART I, IN EXTENSO.

REVENUE.

SECTION 1—LAND REVENUE.

No. R. 6542-9—L. R. 469-07-1, dated 9th—

Issues orders directing that a special examination in Accounts be held in August 1908 in order that Acting Amildars and Deputy Amildars and others included in the list of eligible candidates for Amildari and Deputy Amildari appointments may have an opportunity to fully qualify themselves before the existing vacancies are filled up. 1

No. R. 6799-809—L. R. 225-07-5, dated 23rd—

Reviewing the Revenue Administration Report of the State for the year 1906-07. 2—6

No. R. 6887-96—L. R. 521-06-6, dated 27th—

Issuing instructions for the disposal of grass growing on the bunds of tanks and river channels ... ... 7—8

SECTION 2—LAND SURVEY—*Nil.*

SECTION 3—AGRICULTURE.

No. R. 6540-1—Agri. 170-06-2, dated 9th—

Passing orders on the question of retirement from service of Dr. A. Lehmann, Agricultural Chemist to the Government of His Highness the Maharaja of Mysore. . 1

SECTION 4—FOREST.

No. R. 6500-4—Ft. 130-05-4, dated 8th—

Approving of the settlement of the Narasimhadevara Betta Forest, Block V, in the Kolar District, and directing the publication of its boundaries under Section 17 of the Forest Regulation ... ... 1—20

No. R. 6529-38—Ft. 50-05-6, dated 9th—

Directing the inclusion of tangadi, ichalu and seegè in the list of classified trees and the issue of a fresh notification containing the list of classified trees ... 21—26

No. R. 6672-4—Ft. 168-07-2, dated 18th—

Approving of the proposal *re* the reservation of the Jagtekal Block in the Shimoga Taluk as a *Reserved Land* under Section 35 (iii) of the Forest Regulation, and directing the publication of its boundaries ... ... 27—28

No. R. 6913-22—Ft. 64-07-4, dated 27th—

Reviewing the Report on the auction sales of sandalwood held in the months of November and December 1907 in the several koties of the State ... ... 29—35

No. R. 6996-8—Ft. 172-07-2, dated 29th—

Passing orders on the report *re* supply of timber to Mr. Hajee Ismail Sait, during the year 1906-07 ... ... 36—38

SECTION 5—REVENUE MISCELLANEOUS—*Nil.*

FINANCIAL.

SECTION 1—GENERAL FINANCE—*Nil.*

SECTION 2—SEPARATE REVENUE.

No. Fl. 5399-14—S. R. 46-05-22, dated 18th—

Issuing certain instructions in regard to the disposal of the existing stock of the special water-marked three pie paper which is reported to be unfit for use and the supply of a better kind of paper 1

No. Fl. 5498-588—S. R. 186-05-8, dated 28th—

Directing the Heads of Departments to submit to Government a half-yearly roll furnishing information in regard to qualification, length of service, etc., of officials drawing a pay of Rs. 70 and above, borne on their respective establishments ... 2

No. Fl. 5671-9—S. R. 173-07-4, dated 30th—

Directing that in investigating the claims of the Inamdars to the toddy revenue of their villages, the old accounts available in the Taluk and District Record Offices should be freely consulted whenever necessary and that extracts therefrom should be put up with the record 3

SECTION 3—BANKING—*Nil.*

SECTION 4—SALARIES AND ALLOWANCES—*Nil.*

SECTION 5—CIVIL ACCOUNTS—*Nil.*

SECTION 6—STATISTICS AND CENSUS—*Nil.*

JUDICIAL AND LEGISLATION.

SECTION 1—LEGISLATIVE.

SECTION 2—COURTS.

SECTION 3—PRISONS AND JAILS—*Nil.*

SECTION 4—REGISTRATION.

SECTION 5—POLICE—*Nil.*

LOCAL FUND AND SANITARY.

SECTION 1—LOCAL BOARDS.

No. 9935-43—L. B. 232-07-2, dated 4th—

Issues instructions *in re* the collection of tax on vacant building sites and kanas in Village Unions 1

No. 10311-20—L. B. 346-07-2, dated 15th—

Recording the report on the cattle show held at Rampura in the Honnali Taluk of the Shimoga District during the month of February 1908 ... ... 2—3

No. 10967-75—L. B. 319-07-2, dated 28th—

Authorizing Union Panchayets to hold a permanent advance of Rs. 50 for each Union 4

No. 10979-81—L. B. 350-07-2, dated 28th—

Recording the reports of the Deputy Commissioner of Mysore and of the Amildar of the T.-Narsipur Taluk on the holding of a cattle show at Mudukadore ... 5—7

SECTION 2—MUNICIPAL.

No. 10511-51—Ml. 7-07-5, dated 21st—

Directing that every disbursing officer should maintain in the appended form a Register of Advances made from Municipal Funds, showing at a glance all particulars of advances made and of their adjustment, etc. 1

SECTION 3—MEDICAL—*Nil.*

SECTION 4—SANITARY.

No. 10925-7—San. 156-07-4, dated 28th—

Passing orders in the matter of the proposed allotment for expenditure in connection with the Public Health Department ... ... 1—2

SECTION 5—EDUCATION.

No. 10357—Ed. 229-07-2, dated 16th—

Directing that in all matters connected with the management of the Maharani's College, Mysore, the Lady Superintendent should correspond with the Inspector-General of Education and not directly with Government and that the Committees of Girls' Schools be in future designated as Boards of Visitors and prescribing rules defining the powers and duties of the said Boards of Visitors ... 1—3

SECTION 6—EXAMINATION—*Nil.*

GENERAL.

SECTION 1—REPORTS—*Nil.*

SECTION 2—PRESS—*Nil.*

SECTION 3—MISCELLANEOUS.

No. 5973-6013—G. M. 243-07-2, dated 15th—

Directing that the expenditure incurred on the purchase of Postal and Telegraph Guides be treated as an ordinary contingent charge and that the special sanction of Government to their purchase need not be required in each case ... 1

No. G. 6309-23—G. M. 284-06-17, dated 29th—

Passing orders regarding the unrecovered balance of amount in connection with the defalcations of Marahmat funds in the Bangalore District, and laying down instructions for remedying existing defects in the system of supplying funds to Deputy Commissioners ... ... 2—4

MILITARY.

No. 3160-1—221, dated 3rd—

Revising the scale of establishment attached to the Imperial Service Transport Corps and issuing instructions regarding the entertainment of officers, etc. ... 1—3

No. 3162-3—222, dated 3rd—

Sanctioning the revision of the establishment attached to the Military Stores ... 4—5

MUZRAI.

No. 4493-4—Muz. 88-92, dated 15th—

Sanctioning increase of pay to the servants of the Ghate Sri Subrahmanyeswaraswami temple at Dodballapur 1

No. 4577-90—Muz. F. 3 of 1902, dated 20th—

Passing orders regarding the honors to be shown to the Swamigalu of the Sri Yetirajaswami Matt at Melkote in the French Rocks Sub-Taluk ... ... 2—4

No. 4591-4—Muz. F. 31 of 1897, dated 20th—

Accepting, with certain observations, the pudvat offered by Mr. N. Garudachar, retired Taluk Sheristadar and 1st Grade Pleader, for the performance of certain specified "Sevas" in some Muzrai temples in the Province, out of annual interest realized therefrom ... ... 5—7

No. 4829—Muz. F. 7 of 1904, dated 30th—

Passing orders in regard to the possession and enjoyment of the inam lands belonging to the Sri Chennigarayaswami temple at Begur in the Kunigal Taluk ... 8—9

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 9th April 1908.

READ—

Government Notification No. 5022, dated the 12th December 1906, publishing revised rules relating to the Mysore Local Service and Pleaders' Examinations.

No. R. 6542-9—L. R. 469-07-1, DATED BANGALORE, 9TH APRIL 1908.

ORDER THEREON.—In the notification read above the Revenue (Higher), Criminal (Higher) and Accounts tests have been prescribed for Amildars and Deputy Amildars. In connection with certain proposals made for filling up existing vacancies in the grade of Amildars, the attention of Government has been drawn to the fact that several of the persons now acting as Amildars and Deputy Amildars have not fully qualified themselves by passing the Accounts Examination. Government therefore consider it necessary to draw the attention of all subordinate officers to the rules on the subject and to the fact that they must fully qualify themselves by passing all the tests prescribed for each branch of the service.

In order to give officers now acting as Amildars and Deputy Amildars and others included in the lists of candidates eligible for Amildari and Deputy Amildari appointments, an opportunity to qualify themselves fully before the existing vacancies in the last grade of Amildars are filled up, a special examination in Accounts will be held in August next. The Board for the management of the Local Service Examination will be requested to make the needful arrangements for this purpose.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Registrar of the Chief Court of Mysore.
The Excise Commissioner in Mysore.
The Superintendent of Inam Settlements in Mysore.
The Superintendent of Revenue Survey in Mysore.
The Inspector-General of Registration in Mysore.
The Secretary to the Board of Examiners.

Exd.—C. P. S.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 4802, dated the 6th November 1907, from the Revenue Commissioner in Mysore, forwarding the Revenue Administration Report of the State for the year 1906-07.

No. R. 6799-809—L. R. 225-07-5, DATED BANGALORE, 23RD APRIL 1908.

ORDER THEREON.—*Date of submission of the Report.*—The Revenue Commissioner submitted his report on the 6th November 1907, *i. e.*, more than a month after the prescribed date. The delay is attributed to a mistake in the circular issued by him to Deputy Commissioners for submitting their reports in which the date on which they were due was erroneously stated to be a month later than the actual date. The information given by some of the Deputy Commissioners in their District reports is in many instances incomplete and vague. This is especially noticeable in the case of tanks, and the measures adopted to improve their condition, the extent to which the demand for Takavi loan was met and the facility with which advances were recovered, crop experiments and the state of the people, arts and industries and trade. It is hoped that in future reports these defects will be rectified and the remarks made will be the out-come of more careful observation and collection of facts and figures by which it will be possible for Government to gauge the progress from year to year.

2. *Agricultural prospects and rainfall.*—After two successive bad seasons, agricultural conditions in the State showed considerable improvement during the year. The rainfall though somewhat unseasonable and ill-distributed was sufficient throughout the State. The average for the past thirty years was exceeded in all the districts except in the Malnad parts of the Shimoga and Kadur Districts. As a result, the area cropped during the year rose from 5,773,713 acres in 1905-06 to 6,030,486 acres in the year 1906-07. There was also a marked increase in the total outturn of all the principal crops except sugar-cane. The total average outturn of ragi and paddy, the staple crops of the State, was 9·5 and 9·4 annas respectively as against 6·0 and 7·1 annas in the year previous. The prices which had greatly risen during the previous two years, did not show any tendency to fall in spite of the increased outturn. The average prices of rice and ragi were 8·55 and 16·22 seers respectively per rupee. The agricultural classes were greatly benefited by the rise in prices and it must have compensated them to some extent for the losses of the two previous years.

3. *Cultivation.*—The following table shows the extent of the different descriptions of land under cultivation, according to the revenue returns received in this office :—

Kind of cultivation	1905-06 acres	1906-07 acres	Difference acres
Dry	5,538,538	5,560,810	+22,272
Wet	791,606	802,450	+10,844
Garden	245,524	252,938	+7,414
Coffee	156,468	155,631	—837
Cinchona and Cardamom	2,979	2,987	+8
Total ...	6,735,115	6,774,816	+39,701

The extent of lands newly taken up for cultivation was 86,262 acres while the area relinquished was 32,523 acres as against 47,868 and 64,683 respectively in the previous year.

Proceedings of the Government of His Highness the Maharaja of Mysore,

4. *Collection of Revenue* —The Land Revenue assessment was recovered with greater ease than in the previous year. The following statement gives the arrears collected by means of different processes :—

Year	Notice of demand		Notice of attachment		Notice of sale		Cases in which sale actually took place		Total	
	Number	Amount	Number	Amount	Number	Amount	Number	Amount	Number	Amount
		Rs.		Rs		Rs.		Rs.		Rs
1905-06 ..	16,756	9,42,143	6,756	1,23,669	15,733	2,91,996	4,429	70,394	1,03,674	14,27,752
1906-07	77,715	10,01,277	8,097	1,35,931	11,471	2,80,157	3,098	55,930	1,00,381	14,73,294

In the majority of cases the arrears of assessment were paid on mere service of the notice of demand without recourse to any further coercive measures.

5. *Demand, collection and balance.*—The following statement shows the demand, collection and balance under Land Revenue, Mohatarfa, Sayer and Salt, for 1905-06 and 1906-07, as given by the Revenue Commissioner in his report :—

Items	Year	Demand	Collection including remission	Balance
		Rs.	Rs.	Rs.
Land Revenue ...	1905-06	1,12,07,329	92,77,245	19,30,084
	1906-07	1,20,58,486	1,01,84,126	18,74,360
Mohatarfa ...	1905-06	3,98,500	3,23,966	74,534
	1906-07	4,10,810	3,31,514	79,296
Sayer	1905-06	3,26,017	3,25,570	447
	1906-07	3,68,641	3,67,673	968
Salt	1905-06	12,136	11,422	714
	1906-07	19,517	18,608	909

There was an increase of Rs. 1,35,958 in the Land Revenue demand for the year. Of this, no less than Rs. 99,588 was due to additional lands having been taken up. The figures given by the Revenue Commissioner do not tally with those given by the Deputy Commissioners in the supplemental demand, collection and balance statements received in the Secretariat. He is therefore requested to see that correct figures are given in both the returns and the Revenue Administration Report.

The collections exceeded those of the previous year by Rs. 9,06,881 and represented 84·1 per cent of the demand as against 82·7 per cent in the previous year. Government are however constrained to observe that the collections in the Mysore, Hassan, Shimoga and Kadur Districts left much to be desired, Shimoga being the worst in this respect with a percentage of collection of only 76·9. In the Mysore and Hassan Districts, the Deputy Commissioners attribute the unsatisfactory nature of the collection to the want of interest and activity on the part of some of the Amildars. Government desire that immediate and suitable action should be taken by the Revenue Commissioner and the Deputy Commissioners while the work of collection itself is in progress to check such apathy and remissness on the part of Amildars where the circumstances of the taluk do not warrant any postponement of revenue collection. Government also trust that early steps will be taken to recover the heavy outstandings in the Shimoga, Hassan and Mysore Districts.

Land Revenue, dated 23rd April 1908.

6. *Transfer of Registry.*—There was a decrease in the number of transfers of land from agriculturists to non-agriculturists as shown below:—

Year	Number of transfers
1903-1904	1,350
1904-1905	1,297
1905-1906	1,390
1906-1907	1,276

Government agree with the Revenue Commissioner in the opinion that it is not necessary to confine the term "Agriculturists" to those who actually cultivate lands. The definition of the term suggested by the Revenue Commissioner, *viz.*, "those who live mainly by the produce of their lands" is sufficiently correct and comprehensive for statistical purposes and should be adopted in furnishing the required information in future years. Government also consider that only transactions involving actual transfers of land for a consideration either by the mutual agreement of parties or in execution of decrees of courts should be brought under this category. Information regarding the number and extent of transfers effected by Civil Court decrees and registered documents should be obtained and supplied in future reports.

7. *Condition of the people and their resources.*—While the condition of the agricultural classes showed decided improvement during the year, all other classes were affected by the rise in prices. The wages of labour remained stationary except in tracts where owing to operations connected with the extraction of manganese and other minerals there was an unusual demand for labour. This demand however was partly met by immigration of workmen from outside the State. The wages of skilled labour showed a tendency to rise as the supply was not adequate to the demand. Public health was not good, the mortality during the year being 113,839 as against 81,495 in the previous year.

8. *Manufacture and Industries.*—Government are glad to note that there is a growing appreciation among the people of the importance of industries and manufacture and of the great necessity that exists for other pursuits besides agriculture to earn a living. They have read with interest the accounts of the industries in the State contained in the reports of the Revenue Commissioner and the Deputy Commissioners.

9. *Trade.*—It is observed, that for want of a regular system of collecting statistics, the figures now given about manufacture and trade are somewhat unreliable. Government note that the Revenue Commissioner has already made a beginning towards improving their accuracy by getting details of the quantities carried by railway, of some of the principal commodities produced or consumed in the State; and in a land locked State like Mysore through which the Railway runs, these will serve to give a fairly correct idea of the trade of the State. Government have also in their Order No. R. 6052-90—R. M. 66-07-4, dated 20th March 1908, recently issued instructions as to the proper mode of compiling such statistics with a view to securing more accurate and definite information in future.

10. *Inspection of tanks.*—Of 2,433 major tanks in the State only 568 are reported to have been inspected by the Deputy Commissioners and their Assistants. The Revenue Commissioner observes that correct lists of tanks do not seem to be maintained in each District and that the work of inspection is not carried out systematically. It is needless to dwell on the necessity of having such lists made out for each District in consultation with the Executive Engineer and arranging for the periodical inspection of all tanks according to a definite programme so that the inspection may not be confined merely to tanks easily accessible. Government are however glad to note the Revenue Commissioner's opinion that there has been some improvement in the inspection of tanks during the year.

11. *Restoration of tanks.*—One-hundred and ninety-five major tanks were restored or repaired at a cost of Rs. 2,86,648. The raiyat's contribution in the case of these tanks amounted to Rs. 15,560. Three-hundred and eighty-eight minor tanks were also restored. The amount spent by Government and the value of earthwork done by the raiyats were Rs. 74,950 and Rs. 71,324 respectively. Of the minor tanks restored the largest number was in the Kolar District, *viz.*, 231, and the smallest in the Shimoga District being only 9. Government regret to note

that during the year under review much less interest has been shown in the restoration of minor tanks than in previous years.

12. *Agricultural loans.*—In the case of takavi and other advances, a similar diminution of interest is observed. For sinking irrigation wells, loans were granted only in the Bangalore, Tumkur and Chitaldrug Districts. Of 55 applications granted, 36 were in the Tumkur District and out of a total amount of Rs. 12,490 advanced, the largest amount, *viz.*,Rs. 5,550, was in the Tumkur District. The total amount provided in the Ways and Means Estimate for the purpose was Rs. 34,000 and Government are certain that if the District officers had taken greater interest in encouraging applications for such loans and sanctioning them early, the whole of the amount provided could have been fully utilized to the advantage of the people.

13. It is rather strange to find that no applications for takavi advances were received in the Bangalore and Hassan Districts. In all 224 applications were granted and the loans advanced amounted to Rs. 12,154. It is the desire of Government that raiyats should be encouraged to avail themselves as largely as possible of the means which these loans afford to them of improving the productivity of their lands and trust that special attention will be paid to the subject during the present year. The inspection of the works for which these loans have been utilized and of the securities offered seems also to be greatly neglected.

14. *Darkhasts.*—There were 3,654 darkhasts pending at the beginning of the year and 15,460 were received during the year. Of these 13,699 were disposed of. In the Hassan District 62 darkhasts are said to have been pending for more than three years and 88 for more than two years. A similarly large number of darkhasts is said to be pending in the taluks of Gundlupet, Heggaddevankote and Nanjangud of the Mysore District. Government hope that the Revenue Commissioner will see that these darkhasts are all disposed of before the end of the current year. In his report the Deputy Commissioner of the Bangalore District has not furnished any information as to the number of darkhasts received and disposed of in his district. Government regret to note that a matter of such great importance to agricultural prosperity in the Bangalore District should not have been referred to in the annual report of the District. From the figures subsequently obtained it is observed that no less than 93 darkhasts were pending for more than two years and thirteen for more than three years and they should be disposed of without further delay. In the Kolar District an unusually large number of darkhasts, *viz.*, 4,236, were received and 3,728 were disposed of, a very creditable result chiefly due to the interest taken by the Amildars and Sub-Divisional Officers in attending to them in the course of their itineration.

15. *Agricultural improvement.*—The account which has been compiled by the Revenue Commissioner in his report, of the efforts made in the several districts to improve agricultural production by experimenting with new varieties of grain and improved means of production, undoubtedly shows that there is a growing realization of the scope there is for agricultural development everywhere. No useful results can however be expected unless such efforts are continuous and systematic and are made under proper guidance. Government appreciate the endeavours which are being made to interest the agricultural classes themselves in agricultural improvement and trust that with the formation of Agricultural Associations which the Revenue Commissioner has been organizing in the several districts and the spread of agricultural knowledge, it will be possible to have local agencies to properly direct and guide such experiments and record results.

16. Government have perused with interest the steps taken by the Deputy Commissioner of Kolar to open a Demonstration Farm at Kolar and make prickly-pear serve as a manure by treating it with gingelly oil-seed and lime. Government are pleased to note that Mr. Dharma Rao, acting Amildar of the Nanjangud Taluk, has taken interest in watching the experiment in the growth of a special variety of paddy and collecting results.

17. *Sanitation.*—Government are glad to observe that special attention was paid to improvement of village sanitation, chiefly by clearing the surroundings of villages and attending to the provision of good drinking water. The facility with

Land Revenue, dated 23rd April 1908.

which Abyssinian tube wells have served to provide drinking water, where the ordinary sources had failed or become dangerous, shows that much could be done with their help to improve sources of water-supply and Government consider that greater endeavours should be made every where to popularise them as much as possible.

18. *Village roads.*—Government also note that there is great scope for the improvement of communications between villages by the local officers inducing the villagers to make such roads themselves as they will be able to do so at little cost and it is not possible to provide funds for all such works out of District Funds. Government appreciate the good work done by the Amildar of the Krishnarajpete Taluk Mr. V. S. Rajagopala Char in this direction in persuading people to open at their own cost two village roads twelve and eight miles long respectively.

19. *Inspection of Anglo-Vernacular schools.*—Government are glad to note that great interest is being taken by Revenue Officers in inspecting Hobli and Anglo-Vernacular Schools and that wherever any necessity for the opening of a school is perceived by them it is brought to the notice of the Inspector-General of Education.

20. *Agricultural Banks and Co-operative Societies.*—Separate orders have been passed on the reports regarding the working of Agricultural Banks and Co-operative Societies. As observed by the Revenue Commissioner, the Co-operative Credit Societies require to be carefully watched and prevented from going beyond their scope and embarking on any merely speculative or risky ventures.

21. *Inspection of District Treasuries.*—Government have in their Order No. R. 3432-41—G. F. 134-06-6, dated 2nd December 1907, directed that all the District Treasuries should be inspected at least once a year by the Revenue Commissioner, in addition to a detailed inspection by the Deputy Commissioners and they trust that these instructions will be attended to.

22. *Inefficiency of certain Amildars.*—Government note with regret the observation of the Revenue Commissioner that several Amildars in the senior grades are inefficient and discontented and evince little interest in their work. The Revenue Commissioner is requested to submit a separate confidential report with names, remarks on their work and other particulars. In the case of Amildars, Government have not guaranteed promotion to the grade of Assistant Commissioners. It is only those who have done good work in the grade of Amildars and proved their capacity for the higher grades that could be selected for the Assistant Commissioner's grade. If non-promotion to such grade should be made the excuse for bad or perfunctory work, the Amildar so behaving should be first warned and then removed from the service altogether.

23. *Tours of District and Sub-Divisional Officers.*—It has been pointed out by the Revenue Commissioner that the tours of Deputy Commissioners and Sub-Divisional Officers are mostly confined to roadside places. Government trust that there will be improvement in this direction in the future. A record will be kept of the Sub-Divisional Officers and Deputy Commissioners who have shirked their duty in the matter of itineration and their neglect properly noticed.

24. *Miscellaneous.*—The attention of the Chief Engineer is drawn to the defects in public buildings, brought to notice in para 59 of the Revenue Commissioner's report and that of the Muzrai Secretary, to repairs to Muzrai Institutions referred to in para 61 of the report.

25. The report of the Revenue Commissioner is on the whole satisfactory and the thanks of Government are due to the Revenue Commissioner, Mr. Rajakaryapravina A. Rangaswami Iyengar, for his management of the Department.

(1) Letter No. 2660, dated the 12th April 1907, from the Chief Engineer of Mysore *in re* the disposal of grass growing on the bunds of channels.

(2) Letter No. 7875, dated the 27th January 1908, from the Revenue Commissioner in Mysore, submitting a report as to the practice prevailing in all the Districts (except Hassan) in this matter, together with his opinion.

(3) Letter No. 2368, dated the 31st March 1908, from the Chief Engineer of Mysore.

No. R. 6887-96—L. R. 521-06-6, DATED BANGALORE, 27TH APRIL 1908.

ORDER THEREON.—At the meeting of the Representative Assembly in 1905, it was represented that the existing practice of selling the right of grazing on channel bunds might be discontinued, the raiyats of neighbouring villages being allowed to graze their cattle thereon. Government observed in reply that it was a wrong practice to allow cattle to graze on bunds and that the grass growing on bunds should be cut and removed. This was communicated to the Deputy Commissioners of Districts for necessary action by this Office No. R. 13158-65—L. R. 594-05, dated the 9th April 1906.

2. With reference to the above, the Chief Engineer requests to be informed whether the raiyats are to cut and remove the grass free of cost, as such a course would be against the present practice of selling the grass by auction. He thinks that the channel bunds will be very much injured, if the raiyats are allowed to meddle with them, and asks for a definite ruling in the matter.

3. With a view to ascertain the practice prevailing in the various Districts in this respect, a report was called for from the Revenue Commissioner. It would appear that the practice obtaining in the Mysore District, of the Public Works Department selling the grass on tank and channel bunds does not exist in other districts. In the Kolar and Tumkur Districts, the raiyats who do annual maintenance work to tanks and channels are allowed to cut and remove the grass free. In the Shimoga District, the practice is not uniform for the raiyats in the Shimoga and Nagar Taluks graze their cattle on the bunds, in Kumsi and Sorab the grass is sold annually, the purchasers being required to cut and remove it, and in the other taluks the raiyats are permitted to cut and remove the grass free. In the Kadur District, the raiyats are said not to use the grass growing on the bunds of tanks and channels as they mainly depend on gomal and other waste lands for pasture. In the Bangalore District, there are not any such important channels offering much scope for grazing. In the Chitaldrug District, cattle are freely allowed to graze on the bunds without any restriction.

4. The Deputy Commissioners of all the districts except Chitaldrug are of opinion that the raiyats who are bound to maintain the tank and channel bunds in repair should be permitted to cut and remove the grass free and that such an arrangement will not cause any injury to the bunds. The Deputy Commissioner of Chitaldrug suggests that such permission should be granted on payment of a lump sum fee. The Revenue Commissioner thinks that no change in the existing system is called for, except that in cases where the raiyats fail to do maintenance work it should be left to the discretion of the authorities to dispose of the grass according to the circumstances of each case.

5. Government observe that Rule 23 of the Land Revenue Rules requires that grass growing on the rear slopes of bunds of tanks and channels should be sold separately, but should under no circumstances be allowed to be grazed by cattle and that the grass so sold should be cut and removed. In the case of tanks and minor river channels, the earth work of which has been or is being done by the raiyats, the rule allows the grass growing on the rear slopes of bunds being cut and removed by the raiyats free of charge.

6. Accordingly, the raiyats who are bound under the tank maintenance rules to do earth work to tanks which have been restored and handed over to them for up-keep, should be allowed to cut and remove the grass growing on the bunds of such tanks if they have been satisfactorily discharging their obligation.

Land Revenue, dated 27th April 1908

As regards river channels, Government observe that under the standing orders only the obligation of the raiyats to remove the weeds from the main channels drawn off from the Cauvery and Hemavati rivers is enforced, the rest of the maintenance work (silt clearing, earth work, etc.,) to such channels being done by the Public Works Department. The grass growing on the bunds of such channels should therefore be sold annually, the purchasers being required to cut and remove it.

1. Government Order No. Camp 117-27, dated the 6th April 1885.
2. Government Order No. 326-34—9, dated 17th April 1885
3. Government Order No. 7-28-27-48, dated the 7th January 1896

7. In the case of branch or minor river channels, which are required to be maintained by the raiyats as laid down in Government Order No. 3-7-33-37—P. W. D., dated the 4th January 1906, the grass growing on the bunds will be allowed to be cut and removed by the raiyats free of charge if they have been discharging their duties as regards annual maintenance.

8. Government observe that the mere cutting of grass will not cause any injury to the tank and channel bunds as apprehended by the Chief Engineer. Neither digging for, nor scraping of, grass should, however, be permitted.

Proceedings of the Government of ***His Highness the Maharaja*** *of Mysore, Revenue (Agriculture), dated 9th April 1908.*

No. R. 6540-1—AGRI. 170-06-2, DATED 9th APRIL 1908.

ORDER THEREON.—The current period of Dr. Lehmann's contract being due to terminate on the 20th December 1908, Government have had under their consideration the advisability of retaining his services or otherwise, after that date. In his letter dated the 12th August 1907, Dr. Lehmann stated the terms on which he was willing to continue in service, with respect both to his personal emoluments and pension and to the scale of expenditure requisite, in his opinion, during the next five years, if his work was to be continued and developed on scientific lines.

With a view to determining what course should be adopted, Government have considered the circumstances under which Dr. Lehmann was appointed, the results of his work during the past nine years, the existing condition of the Agricultural and Planting industries in Mysore and the expenditure involved, if Dr. Lehmann's terms are complied with. As a result of this examination and having regard to the present condition of the State revenues and the probable claims of the various departments, more particularly the Educational Department, during the next few years, Government have decided that a further development of the Agricultural Chemist's work on existing lines and at the cost which Dr. Lehmann regards as indispensable if results of any value are to be obtained, is not advisible, and that such expenditure as is within the means of Government should, for the present, be directed rather to practical cultural experiments than to the highly specialized and minutely scientific investigations, which are the legitimate work of an Agricultural Chemist of eminence. Government propose therefore not to renew Dr. Lehmann's engagement, but to secure if possible the services of a practical agriculturist, preferably with Indian experience, whose attention will be devoted to field work and to the conduct and organization of experiments on lines which will secure the interest and co-operation of the cultivators of the country.

As regards the continuation of work in the laboratory, Government presume that the Assistants who have been working in the Laboratory for the past few years are competent to carry out for the time being, such analyses or other comparatively simple investigations as may be required by Planters and others. For higher investigation Government hope to have in the near future the assistance of the staff of the Indian Institute of Science now in process of organization.

As to the Hebbal Farm, Government understand that there is a difficulty in laying out a suitable programme for the next year owing to the absence of information as to the character of the supervision under which the experiments will be brought to a conclusion. They desire however that Dr. Lehmann will endeavour to prepare a scheme for the year which will be within the abilities of the existing Farm Staff to supervise and bring to a conclusion, will occupy the Staff usefully and will save the entire loss of a season on the Farm.

While deciding to terminate Dr. Lehmann's engagement, Government desire it to be understood that their decision involves no reflection on that Officer. During his period of service in the State Dr. Lehmann has worked with the most conscientious industry and has utilized his ability and high professional qualifications to all the advantage possible under the circumstances. Government have to thank him for the equipment of a laboratory which is recognized as a model of its kind. His work in connection with the cultivation of sugar-cane and the manufacture of sugar has been of much value, while the assistance he has been able to render to the Planters of Mysore and South India has been often and cordially acknowledged. They are influenced in their decision solely by the belief that, at the present stage of agricultural development in Mysore, the appointment of a highly qualified Agricultural Chemist is not a necessity and that the expenditure devoted to its maintenance can be more profitably utilized.

From and after the 20th December 1908, Dr. Lehmann will be entitled to the pension of £200 per annum, sanctioned in Government Order No. R. 4723, dated 30th June 1903, and No. R. 757-8, dated 1st September 1903.

To—The Agricultural Chemist in Mysore.
The Comptroller, Mysore Government.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

The following papers relating to the settlement of the Narasimhadevarbetta Forest, Block V, in the Goribidnur and Chikballapur Taluks and Gudibanda Sub-Taluk.

(1) Letter No. 891, dated the 16th June 1904, from the Sub-Division Officer, Chikballapur, and Forest Settlement Officer.

With reference to your memo No. 1425, dated 4th April 1904, I have the honor to report the conclusion of the settlement of the Narasimhadevarabetta Forest, Block V, in the Gudibanda Sub-Taluk as well as in the Goribidnur and Chikballapur Taluks.

2. The initial Notification No. 468—4561, dated 31st January 1903, under Section 4 of the Forest Regulation, proposing to constitute this area into a State Forest, was published in the *Mysore Gazette* dated 5th February 1903, at pages 43-44, Part I (English). The proclamatory notice dated 24th March 1903, under Section 5 of the said Regulation appeared at pages 137-138, Part II, Kanarese of the *Mysore Gazette* dated 9th April 1903.

3. The forest was perambulated and the claims were enquired into in July and October 1903. The period of three months fixed for the presentation of claims having expired by the 24th June 1903, settlement orders were passed on the 16th October 1903, and intimated to the parties concerned.

4. Sixteen claims were preferred for grazing and other rights and they have been disposed of on their merits.

5. The appeal period was over by the 16th January 1904. There was no regular appeal against the orders of the Forest Settlement Officer.

6. The following are submitted herewith.

(i) Register B. Claims disposed of.
(ii) Register C. Statement of lands taken up.
(iii) Forest map.
(iv) The draft Notification under Section 17 of the Forest Regulation.

7. The date from which the area will be declared as State Forest may kindly be inserted in the Conservator's Office.

8. Before submitting the above records to the Conservator, the District Forest Officer's signature may be obtained for the Forest map and the draft Notification under Section 17 as he is not here for the present.

(2) Letter No. 9489, dated 29th May 1905, from the Revenue Commissioner in Mysore, to the Conservator of Forests in Mysore, stating that he has no objection to the appropriation of the lands noted in the margin for the forest in question.

(3) Letter No. 4729, dated the 19th December 1905, from Conservator of Forests in Mysore, submitting the settlement papers of the Forest and requesting that the block may be notified as a State Forest under Section 17 of the Forest Regulation.

(4) Letter No. 4163—194, dated the 21st January 1908, from the Deputy Commissioner, Kolar District, stating that in lieu of gomal Survey No. 19 of Machavalahalli taken up for the forest, grazing right has been allowed to the residents of the said village over a tract of 90 acres forming parts of Survey Nos. 4, 2, 3 and 5 of Tukuntahalli.

(5) Registers B. and C.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Narasimhadevara Betta State Forest, Block V.

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Avalappa and others of Chikmahalli village, Gudibanda Sub-Taluk	18th July 1903	Request that a route may be allowed to take their cattle through the State Forest to Pullinakunte for watering them		The Forest Officer has no objection to allow a cattle track to these villagers in the State Forest to go to Pullinakunte	As Chedambetta gomal Survey No 25 of Chedamnahalli village is excluded from the demarcation line the petitioners can easily take their cattle to Pullinakunte through the above number They are accordingly directed It has been therefore decided that no separate cattle track is necessary (Sd) S Amir Hussain, Forest Settlement Officer		
2	Patel Venkatareddi and others of Brahmenhalli	Do	Do They also pray to grant them the assessed Survey Nos of Chadamnahalli which are included within the demarcation line, for cultivation purposes	The numbers have been inspected personally	The Forest Officer has no objection to grant the request as the said numbers are not of much use for the forest purposes	Do assessed Survey Nos 4, 24 26, 27, 44, 45, 46 & 47 of Chadamnahalli which are not fit to be reserved for the forest purposes were ordered to be excluded from the demarcation line, to be given out for cultivation (Sd) S Amir Hussain, Forest Settlement Officer		
3	Muthyalareddi and others of Chowdatimmahalli, Yeramaradahalli and Lagumenahalli villages	Do	Pray for a cattle track to enable them to go to Sidlingappa's pond and also for the grant of some grazing land in the Narasimhadevarabetta Forest	It is ascertained that the villagers used to take their cattle for watering them to this pond for the last many years	The Forest Officer has no objection to allow a cattle track, as prayed for	As no lands of any of these villages have been taken for the forest purposes the claims of these villagers to allot certain lands for their cattle cannot be admitted But as it is ascertained that their cattle were being taken to the Siddalingappa's pond in Survey No 35 of Chadamnahalli village for watering purposes, I direct that a cattle track of six feet in breadth should be allowed to them (Sd) S Amir Hussain, Forest Settlement Officer		

Forest, dated 8th April 1908.

4	Eranna and others of Idrahalli village.	Do	...	Claim for the grant of fresh gomal land in lieu of the land of Beekalganadinne included within the demarcation line on which they were grazing their cattle.	.....	As no land from their village (Idrahalli) has been added to the Forest, the Forest Officer object, to show any concession to the applicants.	No land belonging to this village is said to have been added to the forest. The petitioners have no evidence to prove their claim with regard to the grazing in Survey No. 5 of Beekalganadinne. No fresh right can be created in the State Forest. The petition is therefore rejected. (Sd.) S. Amir Hussain, Forest Settlement Officer.
5	Jodidar Siva Rao of Krishnarajapur village.	Do	...	The Forest Department has proposed for a fresh demarcation line which interferes with the privilege of watering his cattle and therefore prays that the original demarcation line may be kept up.	The site has been personally inspected. The jodidar has not produced any satisfactory evidence in support of his claim.	The Forest Officer has objected to alter the present demarcation line as it is no way interferes with the movements of his cattle.	The petitioner has produced no documentary evidence to prove his right for excluding the land in question from the demarcation line. As I see no difficulty for his cattle to be taken to the kunte for watering purposes, the petition is rejected. (Sd.) S. Amir Hussain, Forest Settlement Officer.
6 & 7	Venkatarayappa and Narayani, etc., of Gudibanda and Bechirak Chandammanahalli village.	20th July 1903	Survey Nos. 114 and 62 of Gudibanda and No. 25 of Chadammanahalli which had been left as gomal during the Survey Settlement having been taken for the Forest purposes request that they may be excluded from the demarcation line and left as grazing land to them	The applicants' right to the Survey numbers in question is proved by the records of the Survey settlement.	The Forest Officer has no objection to exclude from the Forest, gomal Survey No. 62 of Gudibanda and 25 of Chedammanahalli in lieu of No. 114 of Gudibanda taken up for the Forest purposes.	Gudibanda is a big village containing 977 head of cattle which includes the cattle of bechirak Chedammahalli and Naramanahalli villages. Out of gomal and other lands of the above villages 1856 acres and 18 guntas are taken away for the Forest, leaving only 565 acres and 33 guntas which is hardly sufficient for grazing 977 head of cattle. As the Forest Officer has no objection to give back gomal Survey Nos. 62 of Gudibanda and 25 of Chedammanahalli measuring 327 acres and 24 guntas, where there is not much forest and this area added together with Survey No. 1 of Bechirak Naramanahalli measuring 29 acres and 22 guntas which has to be unavoidably excluded from the demarcation line as it forms the middle portion of Survey Nos. 62 and 25 above alluded to, will make up a total of 922 acres and 99 guntas which is almost equal to the number of cattle in the village, I consider that this arrangement will be a fair one and decide that the aforesaid 3 numbers should be excluded from the State Forest and left for the use of the village cattle. Owing to the above arrangement no more concession seems to be necessary and their claims to the piece of land adjoining to the Padavalahalla which is now included in the demarcation line are rejected.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Narasimhadevara Betta State Forest, Block V.

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						Assessed Survey Nos 6190 and a part of 91 with a total area of 7 acres and 39 guntas of Gudibanda are also to be excluded owing to their situation just in the middle of the gomal numbers above referred to These numbers can eventually be disposed of for cultivation purposes when applied for (Sd) S Amin Hussain, Forest Settlement Officer		
8	Hasan Sabi of Gudibanda	20th July 1908	Pray that the demarcation line which runs close to his occupied Survey Nos 8 and 9 of Vobasandra Anapanahalli may be shifted as his cattle frequently crosses the same	The site has been personally inspected	The Forest Officer has no objection to shift the line as prayed for	I have inspected the demarcation line and the petitioner's lands in question The representation made by the petitioner seems to be reasonable and as there are no trees of any value near the line it is ordered that the demarcation line should be shifted about 40 yards away from the present boundary (Sd) S Amin Hussain Forest Settlement Officer		
9	Raiyats of Tekalahalli, Goribidnur Taluk.	15th Oct. 1908	As the Forest Department has marked the demarcation line close to their village having taken their pasture land, pray that they may be granted separate land for grazing purposes	The village accounts have been consulted in the matter	The Forest Officer has no objection to show them some concession owing to their grazing land having been added to the Forest and cannot be restored to them	It is ascertained from the village accounts etc , that out of 765 acres and 18 guntas of Banjar land belonging to the village, 552 acres and 30 guntas have been taken away to the Forest, leaving 312 acres and 28 guntas to the village Deducting an extent of 100 acres from the latter area which is said to be quite unfit for grazing purposes there will be left only 212 acres and 28 guntas against 400 head of cattle in the village It will thus be seen that the complaint of the villagers is reasonable But as the aforesaid lands were taken away long ago for the forest purposes and it is stated by the Forest Officer that some valuable trees have grown thereon, I think it is not possible to		

Forest, dated 8th April 1908.

					give any portion of it to the village It is stated that the villagers have since been grazing their cattle in the forest on payment of fees, annas one and a half 1 and 8 a head of sheep, bullock and buffalo respectively. For the above reasons I consider that it is fair to grant them a concession under Section 11 of the Forest Regulation XI of 1900 to graze their cattle not exceeding 400 in number within the lands thus taken away from their village on payment of half the fees, viz., three fourth annas, two annas and four annas per head of sheep, bullock and buffalo respectively under such restrictions and rules that will be from time to time brought into force (Sd) S Amir Hussain, Forest Settlement Officer
10	Raiyats of Chinnakala halli	15th Oct 1903	The grazing land of their village having been taken for the forest purposes request that they may be granted fresh pasture lands	Village accounts have been consulted	The Forest Officer has no objection to show some concession	I find that out of 361 acres and 99 guntas of grazing land belonging to the village, 241 acres and 6 guntas have been taken away for the forest Of the remaining 120 acres and 93 guntas more than 60 acres are said to be unfit for grazing purposes as they form the bed of a tank and also contain rocks, etc It will thus be seen that only about 60 acres will remain as pasture for the village cattle which are about 150 in number This area therefore seems to be quite inadequate and thus the complaint of the villagers appears reasonable But as the land has long ago been taken away for the forest and is said to contain thick growth of trees thereon I think it is not possible to give any portion of it to the villagers at present I should however consider that it is fair to grant the concession of grazing their cattle within the number of 150 on the lands formerly belonging to their village on payment of half the fee now levied per head of cattle under such rules and restrictions which will from time to time be brought into force (Sd) S Amir Hussain, Forest Settlement Officer

B.—Register of claims to lands, rights to forest produce or easements in the proposed Narasimhadevara Betta State Forest, Block V.

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
11	Rayats of Bodabanda halli and Majura Kaderenahalli	15th Oct 190	As there is no grazing land for their village cattle, sufficient land may be allotted to them for grazing purposes	Nil.	The Forest Officer objects to show any concession	Only 17 acres and 4 guntas of land which forms the rocky portion are taken from Survey No 42 of this village to the forest I therefore see no reason to grant the petitioners any concession or create any new right in the settlement of this State Forest The petition is rejected This area has been since excluded from the State Forest as suggested by the District Forest Officer (Sd) S Amir Hussain, Forest Settlement Officer		
12	K Dasappa and others of Hullakunte	Ditto	There being no gomal land for the village and out of 460 acres of District Forest, all the area with the exception of "Bodi gutte" has been taken up to the State Forest Request therefore that they may be granted sufficient land for grazing purposes	The village accounts have been consulted	Ditto	The village contains 190 head of cattle while the gomal left to them is more than 800 acres I therefore no reason to consider their claim for grant of more lands The petition is rejected (Sd) S Amir Hussain, Forest Settlement Officer		
13	Gollakadirappa and others of Chinchana halli	Ditto	Owing to Survey Nos 14 and 32 of this village having been taken up for the forest puposes and there being no other land for grazing their cattle, pray that they may be granted required pasture land	The village accounts are perused	The Forest Officer objects to grant their prayer	Out of 699 acres and 8 guntas of grazing land of their village only 225 acres and 3 guntas have been taken up for the forest, leaving 474 acres and 5 guntas for the use of the villagers There are at present 261 head of cattle in the village and the area left at the disposal of the villagers is therefore quite ample for their cattle Additional lands cannot be granted as prayed for by the rayats (Sd) S Amir Hussain, Forest Settlement Officer		
14	Adiga and other rayats of Guttenahalli village.	16th Oct. 1903	Complain that they are prevented to graze their cattle on the gomal lands of Namagondlu and Tekaluhalli villages on the plea that the gomal left to these villages is hardly enough for their cattle Pray that they may be granted required grazing land	Nil	Ditto	No lands of this village have been included in the forest No fresh right can therefore be created in the State Forest as prayed for Petition rejected (Sd) S. Amir Hussain, Forest Settlement Officer		

Forest, dated 8th April 1908.

15	Raiyats of Nagasandra Halli Vankoor Uttigere Nellappanahalli and Karigonatinnamahalli.	26th Oct. 1903	State that they were grazing cattle on Survey Nos. 6 and 7 of Tookuntahalli village. On a representation the said lands were set apart for grazing purposes and the demarcation line was cut by the Forest Department allowing them to graze cattle on them. As a fresh demarcation line has been marked on Survey No. 1 of Gavalagundalahalli they are prevented from crossing the demarcation line and to enter the said two numbers for grazing purposes. There being no other suitable lands for pasture, request that they may be allowed to graze cattle on those lands.	No evidence has been produced by the applicants in support of their claims.	The Forest Officer objected to grant their prayer.	The petitioners claim to graze their cattle on Survey Nos. 6 and 7 of the Tookentahalli village. It is ascertained from the Range Officer that portions of these numbers have been taken to the Forest Blocks Nos. 4 and 5, but none of the lands belonging to the villages of the applicants has been added to the forest. As the aforesaid numbers have not been assigned as gomals to the applicants during the Survey Settlement the concession prayed for by them cannot be shown. If these raiyats had by mamool been grazing their cattle on the portions of lands, in question, remaining out of the demarcation line, their claims with regard to the same may be considered in the Revenue Department on a separate petition. (Sd.) S. Amir Hussain, Forest Settlement Officer.		
16	The raiyats of Tokalahalli, Chimakalahalli and Bodibandahalli.	15th do	Pray for a foot path to go to the temple called Kumbi Narasimhaswamy on the hill so that they may worship and light lamps there as usual	Nil	The Forest Officer has allowed a foot-path for these villagers to go to the said temple for worship and to light lamp there *vide* note 3, para 8 of the list of right of way etc., entered separately	As the matter has been included in the memo furnished by the Forest Officer about the right prayed for, the petitioners are informed of the same. (Sd.) S. Amir Hussain, Forest Settlement Officer.		

Proceedings of the Government of His Highness the Maharaja of Mysore,

B.—Register of claim to lands, rights to forest produce or easements in the proposed Narasimhadevara Betta State Forest, Block V.

Suggestions by the District Forest Officer	Remarks by the Forest Settlement Officer
Owing to the gomal Survey No. 19 measuring 46 acres and 4 guntas of Machavalahalli having been taken for forest purposes about 100 acres of Tookuntahalli have been set apart as gomal and a line of 2 yards wide has been cut within the demarcation line. The village cattle can freely enter the grazing land set apart for the use of the villagers as soon as they leave the village limits. Hence there is no necessity to provide for a separate cattle track. But as the land now left for the use of the villagers is more than double the area acquired from the village for the forest, it is necessary that only 46 acres and 4 guntas of land be allowed to them, the extra land being resumed by Government.	As this question seems to have been settled so far back as in the year 1895 by the then Forest Officer Mr. B. Ramaswamy Iyer, after his personal inspection and the land ever since being in the enjoyment of the villagers, I do not like to interfere in the matter at present and deprive the villagers of the same, the extent of which even now is not definitely mentioned by the present Forest Officer. (Sd) S Amir Hussain, Forest Settlement Officer.

The following rights of way are allowed within the Narasimhadevara Betta Forest, Block No. V:—

(A) (1) Foot-path, 6 feet wide, 2 miles long, open for people and cattle all the year round from Chinnahalli, etc., to Darnaikanapalya, etc It enters the State Forest at a distance of 30 yards from the north-west corner of the Survey No. 16 of Chinnahalli passing through a corner in a south-westerly direction and quits the State Forest at a point about half a furlong from the south-west corner of Survey No 2 of Lingabattanahalli.

(2) Foot-path, 6 feet wide, 1 mile and 22 yards long, open for people and cattle all the year round, branching from Gudibanda-Goribidnur high road to Maudikal, etc. It starts on the 12th mile and 5th furlong on the said road in a south-easterly direction passing through south and south-east and quits the State Forest at a point about three-quarters of a furlong east from the south-east corner of Survey No. 35 of Chedamanahalli.

(3) Foot-path, 5 feet wide, 1 mile, 7 furlongs and 154 yards long, open for people and cattle all the year round, from Gudibanda and other villages towards the direction of Namagondlu. It enters the State Forest at a distance of a furlong and a half on the west side from the north-east corner of Survey No. 5 of Tookuntahalli and runs south and south-west through the State Forest and the demarcation line and quits it at a distance of a furlong and a half on the north-east corner of Survey No. 32 of Chinchanahalli

(4) Cattle-track, 11 yards wide 4 furlongs long, open all the year round for people and cattle of Wontoor, Kariganthimmanahalli, Oodigiri, Nallappanahalli and Nagasanahalli to enter the Narasimhadevara Betta State Forest, Block No. IV and District Forest of Tooguntahalli. It starts at the north-west corner of Survey No 1 of Guvalagundlahalli passes south most and quits it on the east side at a distance of 2 furlongs and a half from the south-west corner of Survey No. 5 of Thooguntalahalli

(5) The Gudibanda-Goribidnur high road which passes through the State Forest for a distance of 1 mile, 3 furlongs and 120 yards long and 18 feet wide open for people, cattle and carts all the year round It enters the State Forest at the 5th furlong of the 11th mile near the north-east side of Survey No 1 of Ghatianapanahalli and quits on the north-west side of Survey No. 6 of the same village near the 8th furlong of the 12th mile on the aforesaid road.

(6) Cattle-track, 11 yards wide, 4 furlongs long, open all the year round for the use of Thokalahalli cattle to go to Kothakunti pond to take water. It passes as far as the pond which stands to the south-east part of Survey No 51 of Tokalahalli.

(7) Foot-path, 6 feet wide, 5 furlongs long, open for people and cattle all the year round, from Thokalahalli to Gudibanda. It starts on the south-west corner of Survey No. 23 of Thokalahalli and quits the State Forest on the north-west corner of Survey No. 21 of Chinnakalahalli.

(B) Ways to the undermentioned shrines and sacred places have been admitted as follows for the use of the public.

(1) Palamarajagudi stands on Survey No. 117 of Gudibanda, foot-path which passes through Survey No. 117 of Gudibanda 6 feet wide and 176 yards long, open for people only who go to the said temple for worship on every Monday and Saturday during the months of Karthika and Margasira respectively in the year. As people who go to the temple usually cook meals and dine there, one acre of land in front of the temple has been reserved as the halting place for them.

(2) Obalidevara temple stands on a hill called Addabetta in Survey No. 8 of Ghati Anapanahalli. People of Thokalahalli, etc., go to the said temple for worship on every Saturday in the year. Foot-path, 6 feet wide and 7 furlongs and 154 yards long, open for people all the year round. It enters the State Forest at a point in Survey No. 51 of Thokalahalli where the demarcation line meets. One acre of land all round the temple is reserved for the use of people for cooking purposes. People who go to the temple for worship during the months of February, March, April and May are prohibited from cooking near the temple during the said period without special permission from the Forest Department.

(3) A foot-path leading to the top of Kumbi Betta open for the villagers of Thokalahalli, Chimakalahalli and Subbanahalli for lighting lamp on the hill. This pinnacle stands at a point where Survey No. 8 of Ghati Anapanahalli and Survey No. 24 of Thokalahalli meet. The privilege of lighting lamp is allowed to them during 8 months in the year excepting the months of February, March, April and May. Foot-path (6 feet wide, 7 furlongs and 110 yards long) enters the State Forest at a distance of a half a mile to the north side from the south-west corner of Survey No. 48 of Thokalahalli and leads through the Survey No. 24 of the same village. As it is not convenient for people to halt here no camping ground has been reserved in the Forest.

(4) Foot-path leading to the top of the Anegambarayaswami Betta open for the villagers of Bachireddihalli, etc., for the purpose of lighting lamp. This pinnacle locates at a point where the borders of Survey No. 2 of Lingabathanahalli and Survey No. 4 of Tirumaradahalli meet. The foot-path is 6 feet wide and 7 furlongs and 132 yards long. The privilege of lighting lamp is allowed to them for 8 months in the year except the months of February, March, April and May. It starts at the south-west corner of Survey No. 4 of Tirumaradahalli entering the State Forest through the same number and passes to the top of the hill. As it is not a suitable place for people to halt no camping ground is reserved.

(5) An interior line of 2 yards wide has been cut all round the occupied lands Survey Nos. 5, 4, 12, 11, 14, 2 and 3 of Gudibanda Lakshminarasna standing within the limits of Ghati Anapanahalli when the demarcation line was cut to this part of the Forest. As the occupied lands adjoin the high road, the same has been considered as a line to that part of his land. Thus the land-holder passing through the high road enters his land.

(Sd.) S. Amir Hussain,
Forest Settlement Officer.

20th December 1903

3. Statement of lands taken up for the Narasimhadevarabetta, Block No. V, proposed State Forest.

Proceedings of the Government of His Highness the Maharaja of Mysore,

NOTIFICATION.

No. R. 6505—Ft. 130-05-5, dated 8th April 1908.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that, from 1st May 1908, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Kolar	Gouribidnur and Chikballapur Taluks and Gudibanda Sub-Taluk	17·6 square miles	Narasimhadevara Betta Block Forest V	*North.*—Starting from the southernmost corner of Survey No. 4 of Bodibandahalli where the bandhs of Hulikunte, Bodibandahalli and Tokalahalli meet, the boundary line runs north-east in a straight line through Survey Nos. 51 and 24 of Tokalahalli to the south-west corner of Survey No. 23 of the said village; then eastwards along the south side of Survey No. 23 of Tokalahalli; then south along the south-west side of Survey No. 22 of Chimakalahalli, west side of Survey No. 21 and north-west and west sides of Survey No. 20 of the same village to the south-west corner of the last number; then the line runs south-east straight through Survey No. 14 of Chimakalahalli to cairn No. 1 in the southern boundary of the said village at a distance of two furlongs from the south-east corner of the said Survey No. 14; then east along the south side of Survey No. 14 to its south-east corner; then turning northwards passes along the south and east sides of Survey No. 13, south side of Survey No. 12 of Chimakalahalli to the south-east corner of the last number where it meets the boundary of Jodi Krishnarajpura; then leaving the boundary between Jodi Krishnarajpura on the west side and the villages of Ghati Anapanahalli, Naremmanahalli, Gudibanda, Cholasettihalli and Chikka Mallenahalli on the east side passes to the south-west corner of Survey No. 13 of the last named village; then passes along the eastern boundary of Jodi Nerlahalli to the south-west corner of Survey No. 12 of Chikkamallenahalli on the said boundary; then along the south-east side of Survey No. 12 and east side of Survey No. 10 to the south-east corner of Survey No. 9 of Chikkamallenahalli; then through Survey No. 13 of Chikkamallenahalli to the south-west corner of Survey No. 75 of Cholasettihalli; then east along the south sides of Survey Nos. 75, 74, 73, 72, 69, 68, 46 and 43 of Cholasettihalli; then south-east straight through Survey No. 44 of Cholasettihalli to the two hotte bandhs at the bend on the north side of Survey No. 15 of Anapanahalli. *East.*—Thence south straight through Survey No. 15 of Anapanahalli to the north-west corner of Survey Nos. 2 of the same village; then the west side of Survey Nos. 2, 10 and 9 of Anapanahalli and 77 and 61 of Vobasandra till it meets the stream Padavalayeroo; then up the stream along its left bank through Survey No. 117 of Gudibanda to the east side of the said number, then the west side of Survey No. 117, north and west sides of Survey No. 115 and west side of Survey No. 113 of Gudibanda, north sides of Nos. 20, 21 and 22 of Naremmanahalli, west sides of numbers 22, 20 and 18, north side of No. 28, north and west sides of Survey No. 26 of Naremmanahalli; then skirts the north-west side of Survey No. 9 of Chadamanahalli; then the north-west side of Survey No. 25 and north and west sides of Survey No. 24 of Naremmanahalli; then crosses the high road passing from Gudibanda to Goribidnur and reaches the north-east corner of Survey No. 50 of Chadamanahalli; then the north-west sides of Survey Nos. 50, 49, 48, 47 and 46, west, south and east sides of No. 45, south side of Nos. 44, 43, 47, west side of Nos. 26, 27 and 25 of Chadamanahalli and west side of Survey No. 26 of Chinnenahalli, north side of Nos. 22, 21 and 20 of the same village to the north-west corner of the last number; then through Survey No. 19 to the north-east corner of Survey No. 18 and straight through the last number to the northern-most corner of Survey No. 15 of the same village; then skirting the said Survey No. 15 (excluded) reaches the boundary of Kayamgutta Somalapura; then along the said boundary to the tri-bandh of Survey Nos. 1 and 5 of Beekalaganadinne on the said boundary; then the west side of Survey

Forest, dated 8th April 1908.

Nos. 1, 3 and 4 of the last named village and north and west sides of Survey No. 12 of Nimmakommanahalli and west side of Survey No. 10 of the said village, the west side of Survey Nos. 20, 18 and 17 of Machavalahalli and No. 1 of Thookuntahalli; then south to the north-west corner of Survey No. 5, then along the west side of Survey No. 5 of Medaliyarhalli to the boundary of Inam Siddaganahalli; then along the said boundary to the north-west corner of Survey No. 1 of Goovalagundlahalli; then along the west side of the said number to the north-east corner of Survey No. 7 of Thookuntahalli.

South.—Thence the north side of Survey No. 7 of Thookuntahalli to the north-west corner of the said number; then in a south-western direction crosses Survey No. 6 of the same village to the south-west corner of the same number.

West.—Thence north-west through Survey No. 14 of Chinchanahalli to the northern corner of the same number; then north along the eastern boundary of Chinnapanakunte, Survey No. 1, to its north-east corner; then north through Survey Nos. 11 and 18 of Yaranagenahalli to the north-west corner of the last number; then north-east straight through Survey No. 4 of Terumaradahalli, 2 of Lingabattanahalli, 4 of Addakasalhalli, 36 of Pullimakalahalli to the northern-most corner of the last number, then north-west along the east side of Survey No. 35 of Pullimakalahalli; then through Survey Nos. 2 and 49 of Anagattanahalli, 86 and 19 of Hoolikunte to the southern most corner of Survey No. 18 (Tank) of the last named village; then east through Survey No. 19 of Hulikunte to the starting point.

Remarks :—

A. *The undermentoined rights of way are allowed within the block :—*

(1) *Foot-path*, 6 feet wide and 2 miles long, open for people and cattle all the year round from Chinnahalli, etc., to Darinaikanpalya, etc. It enters the State Forest at a distance of 30 yards north from the north-east corner of Survey No. 16 of Chinnahalli, and quits at about 20 yards north from the south-west corner of Survey No. 4 of Terumaradahalli.

(2) *Foot-path*, 6 feet wide and 1 mile and 22 yards long, open for people and cattle all the year round, branching from Gudibanda-Goribidnur high road to Mandikal, etc. It starts on the 12th mile and 5th furlong on the said road in a south-easterly direction and passing south and south-east quits the State Forest at a point about three-quarters of a furlong east from the south-east corner of Survey No. 35 of Chedamnahalli.

(3) *Foot-path*, 6 feet wide and 1 mile, 7 furlongs and 154 yards long, open for people and cattle all the year round, from Gudibanda and other villages, towards Namagondlu. It enters the State Forest at a distance of a furlong and a half west from the north-east corner of Survey No. 5 of Tukuntahalli and runs south and south-west through the State Forest and the demarcation line and quits it at a distance of a furlong and a half on the north-east corner of Survey No. 32 of Chinchanahalli.

(4) *Cattle-track*, 11 yards wide and 4 furlongs long, open all the year round for people and cattle of Wontur Karganthimmanahalli, Oodigiri Nallappanahalli and Nagasanahalli to enter the Narasimha Betta State Forest, Block No. IV and District Forest of Tukuntahalli. It starts at the north-west corner of Survey No. 1 of Guvalagundlahalli passes south-west and quits it on the east side at a distance of two furlongs and a half from the south-west corner of Survey No. 5 of Tukuntahalli.

(5) *The Gudibanda-Goribidnur high road* which passes through the State Forest for a distance of 1 mile, 3 furlongs and 120 yards long and 18 feet wide open for people, cattle and carts all the year round. It enters the State Forest at the 5th furlong of the 11th mile of the road near the north-east side of Survey No. 1 of Ghatianapanahalli and quits it on the north-west side of Survey No. 6 of the same village near the 8th furlong of the 12th mile on the aforesaid road.

(6) *Cattle-track*, 11 yards wide and 4 furlongs long open all the year round for the use of Thokalahalli cattle to go to Kothakunte pond for water. It passes as far as the pond which stands to the south-east part of Survey No. 51 of Tokalahalli.

(7) *Foot-path*, 6 feet wide and 6 furlongs long, open for people and cattle all the year round from Thokalahalli to Gudibanda. It starts from the south-west

corner of Survey No. 23 of Thokalahalli and quits the State Forest on the north-west corner of Survey No. 21 of Chinnakalahalli.

B. *The following rights are admitted within the Forest:*—

Ways to the undermentioned shrines and sacred places have been admitted as follows for the use of the public:—

(1) Palamarajagudi stands at the north-east corner of Survey No. 114 of Gudibanda. Foot-path which passes through Survey No. 117 of Gudibanda, 6 feet wide and 176 yards long, open for people only who go to the said temple for worship on every Monday and Saturday during the months of Karthika and Margasira respectively in the year. As people who go to the temple usually cook meals and dine there, one acre of land in front of the temple has been reserved as the halting place for them.

(2) Obalidevara temple stands on a hill called Addabetta in Survey No. 8 of Ghati-Anapanhalli. People of Thokalahalli, etc., go to the said temple for worship on every Saturday. Foot-path, 6 feet wide and 7 furlongs and 154 yards long, open for people all the year round. It enters the State Forest at a point in Survey No. 51 of Thokalahalli where the demarcation line meets. One acre of land all round the temple is reserved for the use of people for cooking purposes. People who go to the temple for worship during the months of February, March, April and May are prohibited from cooking near the temple during the said period without special permission from the Forest Department.

(3) A foot path leading to the top of Kumbi Betta open for the villagers of Thokalahalli, Chimukalahalli and Sabbanahalli for lighting lamp on the hill. This pinnacle stands in Survey No. 8 of Ghatianapanahalli. The privilege of lighting lamp is allowed to them during eight months in the year excepting the months of February, March, April and May. The foot-path enters the State Forest at about 50 yards south from the south-east corner of Survey No. 48 of Thokalahalli. As it is not convenient for people to halt here, no camping ground has been reserved in the forest.

(4) Foot-path leading to the top of the Anegambarayaswami Betta, open for the villagers of Bachireddihalli, etc., for the purpose of lighting lamp. This pinnacle stands at a point where the borders of Survey No. 2 of Lingabatanahalli and Survey No. 4 of Tirumaradahalli meet. The foot-path is 6 feet wide and 7 furlongs and 132 yards long. The privilege of lighting lamp is allowed to them for eight months in the year except the months of February, March, April and May. It starts at the south-west corner of Survey No. 4 of Tirumaradahalli entering the State Forest through the same number and passes to the top of the hill. As it is not a suitable place for people to halt, no camping ground is reserved.

(5) An interior line of 2 yards wide has been cut all round the occupied lands S. Nos. 5, 4, 12, 11, 3, 2 and 14 of Gudibanda Lakshminaraniah standing within the limits of Ghati Anapanahalli when the demarcation line was cut to this part of the forest. As the occupied lands adjoin the high road the same has been considered as a line to that part of his lands. Thus the land-holder passing through the high road enters his land.

By Order,

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Correspondence ending with letter No. 3866, dated the 26th November 1906, from the Conservator of Forests in Mysore, submitting with his remarks a memo containing the opinions of the Deputy Commissioners of Districts in the matter of revising, before finally adopting, the list of classified trees published under Government Notification No. 690—6768, dated the 4th May 1903, and requesing that Tangadi, Ichalu and Seege may be included in the list.

2. Letter No. 5280, dated the 19th—21st November 1907, from the Revenue Commissioner in Mysore, furnishing his opinion on the above.

No. R. 6529-38—Ft. 50-05-6, DATED BANGALORE, 9TH APRIL 1908.

ORDER THEREON.—It is represented by the Conservator of Forests that on account of the exclusion of Ichalu, Tangadi and Seege from the list of classified trees published under Notification No. 690—6768, dated the 4th May 1903, it is found very difficult to effectually prevent their unauthorized removal and to take steps for their preservation. As Seege and Ichalu yield valuable minor forest produce, Government are of opinion that they may be included in the list and given a separate class. In the case of Tangadi, however, it may be treated as a classified tree only in the districts of Kolar, Bangalore, Tumkur and Chitaldrug, where its bark commands a high price. Thus modified, the Notification will stand as shown at foot of these Proceedings and will be issued afresh for ready reference.

2. The larger question of revising, where necessary, the tentative classification sanctioned in 1903, will be separately considered by Government.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

NOTIFICATION.

No. R. 6539—Ft. 50-05-7, dated Bangalore, 9th April 1908.

Referring to Notifications No. 247—1302, dated the 2nd October 1901, and No. 690—6768, dated the 4th May 1903, and in modification of the lists of *classified trees* published thereunder, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rates at which permits for the removal of timber of unreserved trees, firewood, charcoal and other forest produce on payment of seigniorage will, until further orders, be issued under the general rules for the management of District Forests and other lands at the disposal of Government, published in the *Mysore Gazette* under Notification No. 245—1300, dated the 2nd October 1901.

The above rates are the maxima which may neither be reduced nor raised by the Deputy Commissioner without the sanction of Government.

2. The seigniorage prescribed by these rules does not refer to reserved trees, and the Deputy Commissioner may, by direct order, prohibit the grant of any tree or produce on seigniorage, either for a time, or in certain localities, or altogether. Reserved trees and trees or produce for which the issues of seigniorage permits is prohibited by district order, will be sold or otherwise disposed of at the discretion of the Forest Department.

3. The form of permit and method of issue, registration, check and recovery will be prescribed by the Deputy Commissioner on behalf and under the authority of the Government in accordance with the general rules framed under the Forest Regulation.

4. The term " Cart load " refers to a country cart drawn by two bullocks and is equivalent to 20 cubic feet or half a ton. The head load is equivalent to one cubic foot or 56 lbs.

20 Head loads equal one cart load.
10 Head loads equal one Wadder cart load.
4 Head loads equal one bullock load.
2 Head loads equal one ass load.

5. Trees and other forest produce, not shown in the foregoing list, when removed from reserved land or, except in the case of free removals under Rule 9 of the General Rules for the management of District Forests and other lands at the disposal of Government, from unreserved land are chargeable at such rates as may be decided upon from time to time by the Deputy Commissioner with the approval of the Conservator of Forests.

By Order,

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 9611, dated the 7th March 1908, from the Revenue Commissioner in Mysore, submitting for the orders of Government letter No. 7090, dated the 24th February 1908, from the Conservator of Forests in Mysore, regarding the notification of the Jagtekal Block in the Shimoga Taluk as " Reserved Land " under Section 35 of the Mysore Forest Regulation.

2. Note dated the 19th March 1908 by the Conservator of Forests recording his opinion on the above.

No. R. 6672-4—Ft. 168-07-2, DATED BANGALORE, THE 18TH APRIL 1908.

ORDER THEREON.—The Revenue Commissioner and the Deputy Commissioner of Shimoga are in favor of the reservation of the area, provided the villagers are allowed to graze their cattle and take wood for agricultural and fuel purposes; and as Rule 8 of the Rules for the management of District Forests does not allow the removal of wood for agricultural purposes, the Revenue Commissioner recommends that the villagers may be specially authorized to remove timber for agricultural purposes. But it is observed that the area contains a promising growth of teak and the object of reserving it would be defeated by conceding the above right. Besides, the area of 1,286 acres set apart for the use of the five villages that will be affected by the proposed reservation ought to be sufficient to meet all their reasonable requirements in this respect. Under these circumstances, Government are pleased to approve of the proposal of the Conservator of Forests to declare the Jagtekal Block as "Reserved Land " under Section 35 (iii) of the Forest Regulation. A notification as hereunder will be published in the Gazette.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Revenue Commissioner in Mysore, returning enclosures.
The Deputy Commissioner, Shimoga District.

No. R. 6675—Ft. 168-07-3, DATED BANGALORE, THE 18TH APRIL 1908.

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 35 (iii) of the Mysore Forest Regulation, that the land, the limits of which are described in the schedule annexed hereto, shall be *Reserved Land* for the purposes of the General Rules for the management of District Forests, published under Government Notification No. 245-1300, dated 2nd October 1901:—

SCHEDULE.

District	Taluk, Hobli	Approximate area	Name of Block.	Situation and Boundaries.
Shimoga	Shimoga, Bidare	1,395 acres or 2 square miles and 115 acres.	Jagtekal	*Situation* District Jungle about 2 miles to the north of the 165th mile of Honnavar-Bangalore road

7. As compared with the previous year, the out-put during 1907 was less in all the districts except in Kadur, where there was a slight increase. The allround average rate per ton actually sold is Rs. 549 against Rs. 539 in the previous year which was the highest on record till then. If the value of the quantity unsold be reckoned at the sale rates, the average rises to 552 against 543 in the previous year.

Forest, dated 27th April 1908.

Kadur, as in the two previous years, secured the highest rate, *viz.*, 574 against 567 of the previous year; Hassan takes the second place; Bangalore, the third; Shimoga the fourth and Mysore the last. The rates in the latter four districts would have been still higher had the roots and jajpokal classes that remained unsold been also disposed of.

8. During Shimoga and Kadur sales, the competition among merchants was very keen, but afterwards it slackened.

9. The following statement shows the names of the principal merchants, the quantity purchased by each and the value thereof :—

Serial No.	Name of firm or merchant	Quantity of sandalwood purchased in 1907			Sale amount					
					1907			1906		
		Tons.	cwts.	lbs.	Rs.	a.	p.	Rs.	a.	p.

	Total ...	2,454	9	75	13,49,382	12	5	12,82,264	13	4

Messrs. Volkart Brothers are, as usual, the largest purchasers. They purchased 39·9 per cent of the total quantity sold and contributed 41·1 per cent of the sale proceeds. The next largest purchasers are Messrs. Pierce Leslie & Co., whose quota is 23·7 per cent of the quantity and 19·8 per cent of the sale proceeds. Among the local merchants Messrs. Hassan Gunda Setti and Kesva Iyengar are the largest purchasers.

10. The average rate secured for each class in each koti during the year as compared with that of the previous year is shown in the following statement :—

18	Saw-dust ..	4	10	105	4	10	105		.		1,823	8	0	400	311	317
	Total ..	2,544	8	17	2,454	9	75	89	18	54	13,49,882	12	5	549	539	437

From the foregoing table, it will be seen that the rates for the first six classes and the last, ruled very high; though the rates for roots were less than those of the previous year, yet, they are very satisfactory and higher than those of any of the years prior to 1906. They were unusually high last year. The rates for inferior classes, though less, have not affected the total revenue, for this is established by the fact that the allround average is Rs. 549 per ton, or Rs. 10 more than that of the previous year and Rs. 112 more than that of the average of the decade ending 1905.

Forest, dated 27th April 1908.

12. The following table compares the quantity, the value and the rate secured in each district for superior and inferior classes arranged according to quality and compared with the figures of the previous year:—

District	Superior Billet classes Vilayet Budh, China Budh and Panjam						Second class Billets Ghatta and Ghat Badala						Third class Billets, Bagara dad

Proceedings of the Government of His Highness the Maharaja of Mysore,

From the foregoing table, it will be seen that only in two classes, *viz.*, the second class billets and jajpokal, the percentages of both quantity and amount are higher than those of the previous year. Taking the allround average rate into consideration, the rates for the first, second, third and fifth classes are higher than those of the previous year and less only for roots and chilta classes.

13. The quantities of dry and green wood prepared for the year's sale in each Koti are shown in the subjoined table :—

Koti	Total out-turn			Out-turn of dry wood			Out-turn of green wood			Remarks

		Total...	52	12	104	29,497	1	4	

15. The construction of a Sandal Koti at Shimoga sanctioned in Government Proceedings No. 398-9—Ft. 152-04-4, dated the 7th July 1905, has been again put off for want of funds. The accommodation at present provided is unsuitable and inadequate, and the loss arising from driage and other causes is great. It is therefore hoped that funds will be provided for the purpose during the ensuing year. The cost will be a profitable investment as the location of the new Koti near the Railway Station with facilities for loading is certain to affect the price of the wood favourably.

No. R. 6913-22—Ft. 64-07-4, dated Bangalore, the 27th April 1908.

Order thereon.—Recorded.

2. The quantity of sandalwood offered for sale during the year was 2,544 tons, 8 cwts. and 17 lbs., or 166 tons, 18 cwts. and 108 lbs. less than during the previous year. The quantity sold was 2,454 tons, 9 cwts. and 75 lbs. against 2,379 tons, 6 cwts. and 1 lb. in the previous year; and the amount realized was Rs. 13,49,382-12-5, the highest on record, against Rs. 12,82,264-13-4. There was thus an increase of 75 tons, 3 cwts. and 74 lbs. in the quantity of sandalwood sold and an increase of Rs. 67,117-15-1 in the amount realized.

Forest, dated 27th April 1908.

3. The allround average rate per ton secured during the year was Rs. 549, the highest on record, against Rs. 539 in the previous year. Government note with concern the observation of the Conservator of Forests that notwithstanding the high prices that were obtained for all qualities of sandalwood, the results of the sales of recent years show that the market for sandalwood is limited and that the demand will not keep pace with the supply. There has been a marked decline in the quantity consumed both in India and China. Government are glad to learn that the causes of this fall in the demand are engaging the Conservator's attention.

4. Necessary provision of funds will be made in the budget for the ensuing year for the construction of a Sandal Koti at Shimoga.

C. S. BALASUNDARAM IYER,

The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Exd.—C. S.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following letter No. 7724, dated the 13th March 1908, from the Conservator of Forests in Mysore, submitting a report on the supplies of timber to Mr. Hajee Ismail Sait during the year 1906-07 :—

I have the honor to submit herewith my report upon the supplies of timber made to Mr. Hajee Ismail Sait during the year 1906-07.

2. The quantity supplied during the year was 120,015 cubic feet valued at Rs. 82,560 against 231,950 cubic feet and 1,52,984 rupees respectively of the previous year. The large decrease in the supply is chiefly attributable to the difficulty experienced by the Department in the transport of timber owing to the operations of the Manganese Mining Companies who drew away all the available labour and carts by offering tempting wages. For the same reason the Railway Company were also unable to place an adequate supply of rolling stock at the disposal of the Department, with the result that large quantities of timber collected at the Railway Stations could not be booked.

(3) It is satisfactory to note that no timber was rejected during the year although one claim was made but not admitted. This fact testifies to the care bestowed on the preparation and selection of timber and also to the conciliatory spirit invariably shown by Mr. Hajee Ismail Sait. * * * *

(4) Out of the supply made in the previous two years, 11,805, cubic feet were rejected, half of which consisted of dindiga and jambe. The quantity rejected at Bangalore, was examined by the District Forest Officer, Bangalore, that at the Gold Fields by the District Forest Officer, Kolar, and that at Gadag by Mr. Govinda Rao, Sub-Assistant Conservator of Forests, who certified that the timber thus rejected was very inferior and unsound, and not worth the price put on it. Of this rejected quantity Mr. Hajee Ismail Sait was induced to repurchase 10,133 cubic feet at one-third the prescribed rate as no one else would purchase it, and the balance consisting of teak, bete and jalari was sold under my orders for Rs. 1,583-4-10. The difference between the full value already paid by Mr. Hajee Ismail Sait and the sum realised by the resale amounting to Rs. 5,012-5-1, was adjusted to the extent of Rs. 3,803-10-2 inclusive of Rs. 145-9-7 due to excess realization during the year by short claim. The balance of Rs. 2,937-9-4 will be adjusted during the current year.

(5) The collection and carting charges on the quantity supplied to Mr. Hajee Ismail Sait during the year under report amounted to Rs. 42,500 in round numbers, the net realizations being Rs. 40,060. The all-round average rate was 11 annas per cubic foot against 10 annas 7 pies in the previous year, but the net receipt remained the same as in the previous year, *viz.*, 5 annas 4 pies per cubic foot. Considering, however, that about 86,287 cubic feet, or over 70 per cent of the supply consisted of such kinds as dindiga, jambe, jalari, hunnal, and matti which have limited demand locally, the net results may be regarded as satisfactory.

(6) Of the total supply, Kadur contributed 55,007 cubic feet or nearly 50 per cent. The amount realised was Rs. 31,927 or Re. 0-9-3 per cubic foot against Re. 0-10-0 in the previous year. The collection and carting charges amounted to Rs. 16,073 or Re. 0-4-3 per cubic foot against Re. 0-5-0 of the previous year. The net realization was therefore Rs. 15,854 or Re. 0-4-7 per cubic foot against 5 annas in 1905-06. The net realizations would have been considerably better, but for the fact that teak which fetches high rates was not supplied on the same scale as last year. Only 913 cubic feet of this timber was supplied against 4,205 cubic feet in the previous year. The quantity of jambe supplied was 6,502 cubic feet against 26,665, cubic feet of the previous year. The bulk of the supply of this timber comes from the Koppa Range where the collection and carting charges amount to Re. 0-4-4 per cubic foot against a selling rate of 10 annas per cubic foot. The deficiency in the supply of this timber also partly accounts for the fall in the average net realizations.

(7) Shimoga with 46,069 cubic feet comes next to Kadur in the matter of supplies. The amount realised was Rs. 39,406 or Re. 0-13-8 per cubic foot against Re. 0-10-3 in the previous year. The charges amounted to Rs. 20,012 or Re. 0-6-1 per cubic foot against Re. 0-5-4 in the prevous year, so that the net realization amounted to Rs. 19,394 or Re. 0-6-9 per cubic foot against Re. 0-4-11 per cubic foot in the previous year.

(8) About 18,583 cubic feet valued at Rs. 10,781 were supplied from the Mysore District against 32,617 cubic feet and 25,226 rupees of the previous year. The gross realization was therefore Re. 0-9-3 per cubic foot against Re. 0-12-5 in the previous year. The charges amounted to Rs. 6,100 or Re. 0-5-3 per cubic foot against Re. 0-4-11 of the previous year. The net realizations amounted to Rs. 4,680 or Re. 0-4-0 per cubic foot against Re. 0-7-6 in the previous year. As remarked in the previous year's report, the net realizations for that year were abnormal owing to the fact that teak was supplied in quantities considerably in excess of what was required from the district.

Proceedings of the Government of His Highness the Maharaja of Mysore,

(9) Devagarge to the extent of 357 cubic feet and valued at Rs. 446-4-0 at Rs. 1-4-0 per cubic foot were supplied from the Manjarabad Range of the Hassan District. The collection and carting charges are said to have amounted to Rs. 312 at 14 annas per cubic foot. The net realization was therefore Rs. 134 or 6 annas per cubic foot against Rs. 0-5-5 in the previous year. Further exploitation of timber has been suspended in this district owing to the prohibitive cost of transport.

(10) In all, 17 different kinds of timber were supplied against 24 in the previous year. The kinds other than those contracted for supplied during the year consisted of matti, nerlu, thadasal, masi, devagarge, hebbalasu and bilwara, and the aggregate quantity amounted to 22,037 cubic feet valued at Rs. 16,032. Of the kinds contracted for, 30,721 cubic feet or more than a fourth of the total supply consisted of dindiga, hunnal with 13,755 cubic feet and jambe with 16,596 cubic feet represents another fourth Thus, more than 50 per cent of the supply consisted of the above three inferior kinds.

Statement showing the quantity of timber supplied to Mr. Hajee Ismail Sait, during the year 1906-07 and the amount realized therefor.

Forest, dated 29th April 1908.

No. R. 6996-8—Ft. 172-07-2, dated Bangalore, 29th April 1908.

Order thereon.—Recorded.

2. The following table shows the total quantity of timber sold to Mr. Hajee Ismail Sait and the amount realised therefor, during the years 1905-06 and 1906-07.

Name of district	Quantity of wood sold in cubic feet		Value in rupees	
	1905-06	1906-07	1905-06	1906-07
			Rs.	Rs.
Shimoga	121,881	46,069	79,681	39,406
Kadur	74,214	55,007	47,629	31,927
Mysore	32,617	18,583	25,768	10,780
Hassan	2,839	357	2,979	446
Tumkur	399	...	242	...
Total ...	231,950	120,016	1,56,299	82,559

	1905-06	1906-07
Value of wood	1,56,299	82,559
Cost of collecting and carting	67,999	42,500
Net value	88,300	40,059
Value per cubic foot	0-5-4	0-5-4

3. From the above it appears that the total quantity of timber sold during the year to Mr. Hajee Ismail Sait has been 120,016 cubic feet valued at Rs. 82,559 against 231,950 cubic feet valued at Rs. 1,56,299 in 1905-06. As explained by the Conservator of Forests in the letter read above, the difficulty experienced by the Forest Department in the transport of timber on account of the competition of the Manganese Mining Companies for carts and labourers, and the inability of the Railway Company to provide an adequate supply of rolling stock no doubt account, to some extent, for the large decrease of timber that could be supplied in the Shimoga District; but these reasons do not apply with equal force to the Kadur and Mysore Districts, where also there have been heavy decreases, especially in the latter. Government desire to know if there is any satisfactory explanation for this apparent decline in the quantity of timber extracted in these districts.

4. The collecting and carting charges during the year amounted to Rs. 42,500, the net realizations therefore being Rs. 40,059. The net receipt per cubic foot was the same as in the previous year, *viz.*, Re. 0-5-4. But considering the fact that 70 per cent of the supply consisted of such kinds of trees as dindiga, jambe, jalari, hunnal and matti for which the demand is small, the results are satisfactory.

5. Government are glad to note that nc timber was rejected during the year, as the contractor is reported to have objected only to a single lot, which objection however, was not upheld. Out of the supply made in the previous two years, no less than 11,805 cubic feet are reported to have been rejected, which had either to be sold at lower rates to Mr. Hajee Ismail Sait himself or auctioned. The satisfactory results of the present year are stated to be due to the care taken in the selection of timber and the accommodating spirit of the contractor.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Comptroller, Mysore Government.
The Secretary to Government, Public Works Department and Railways for information in regard to the deficiency of rolling stock noticed in para 2 with reference to his letter No. 471, dated the 23rd March 1908.

Exd.—c. s.

Proceedings of the Government of His Highness the Maharaja of Mysore, Separate Revenue, dated 18th April 1908.

READ—

Correspondence ending with letter No. 7305, dated 9th—17th January 1908, from the Revenue Commissioner in Mysore, regarding the disposal of the existing stock of the special water-marked three pie paper which is reported to be unfit for use and the supply of a better kind of paper.

No. FL. 5399-14—S. R. 46-05-22, DATED BANGALORE, 18TH APRIL 1908.

ORDER THEREON.—There have been several complaints about the inferior quality of the paper now in use and its unfitness for the purposes for which it is prescribed, and the substitution of a better kind of paper has been strongly urged. There is however a large quantity of the paper in stock likely to last for about 15 years at the present rate of consumption. On Mr. Yates' suggestion that the existing stock of paper might be utilized for printing D. P. W. Cheques, Transfer Receipts, etc., and that fresh supply of superior paper may be obtained, the question was referred to a committee under Government Orders Nos. Fl. 3276-81—S. R. 46-05-11, dated 6th November 1906, Fl. 6496-500—S. R. 46-05-14, dated 28th February 1907, and Fl. 854-5—S. R. 46-05-18, dated 21st August 1907, for consideration in all its details and submission of definite proposals. The Committee have accordingly considered the subject and they suggest that the existing stock of paper may be utilized for printing forms, etc., of a temporary nature in lieu of other paper now used by the Government Press, an amount equal to the price of the latter, estimated at Rs. 13,125 being taken as the value of the water-mark paper for purposes of accounts. The Committee also recommend that one of two samples of new paper be selected for future use as water-mark paper. The Committee suggest that the paper now in use may be withdrawn with effect from a date to be fixed by Government when the new paper will have been supplied to all the Treasuries. Government are pleased to accept the above suggestions of the Committee and approve of the paper (sample No. II forwarded by the Committee, costing 0-4-7 per lb) being adopted for use as water-mark paper. In order to distinguish readily the old from the new paper and to prevent any fraudulent use of the former, Government direct that the new paper be colored azure.

The water-mark, similar to that used by the Pudukota State, recommended by Mr. Yates at the desire of the Committee is also approved subject to the necessary verbal changes being made and the Mysore Coat of Arms being used. The new paper will be sold to the public at the same price as the present paper. The Superintendent of the Stamp Manufactory is requested to indent at once for a supply of 2,000 reams of this paper and a sum of Rs. 4,000 will be provided for the purpose in the budget of the Stamp Department for the year 1908-09. The amount that can be given credit to the Stamp Manufactory for 1908-09 on account of the paper now in use being utilized for printing purposes should be reported for the information of Government. The date on which the new paper will come into use will be duly notified in the Gazette. The Comptroller is requested to issue in communication with the Stamp Commissioner, the necessary instructions regarding stock taking, etc., on that date.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Comptroller, Mysore Government.
The Commissioner of Stamps in Mysore.
The Superintendent of Stamps.
The Superintendent, Stamp Manufactory.
The Registrar of the Chief Court of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Separate Revenue, dated 23th April 1908.

No. Fl. 5498-588—S. R. 186-05-8, dated Bangalore, 28th April 1908.

Order.—Heads of Departments are requested to submit to Government a half-yearly roll furnishing information under the headings noted below in regard to officials drawing a pay of Rs. 70 and above borne on their respective establishments:—

Serial No.	Name of official	Designation	Age	Pay	Length of service	Date of promotion to present pay	Examinations passed	Remarks as to work done, character, etc., during the half-year

No. Fl. 5671-9—S. R. 173-07-4, dated Bangalore 30th April 1908.

Order.—It is observed in several instances that documents produced by the Inamdars in support of their claim to the toddy revenue of their villages are indiscriminately accepted by the investigating officers without making an attempt to appraise their value and verify the correctness of the entries made therein by a reference to the old accounts available in the Taluk and District Record offices. Government therefore desire to suggest that the marginally noted accounts that are generally available in the Taluk and District Records should be freely consulted whenever necessary and extracts therefrom put up with the record in cases in which a decision on the claim has to be based on them.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Funds and Sanitary (Local Boards), dated 4th April 1908.

READ—

Letter No. 275, dated the 16th December 1907, from the President of the District Board of Chitaldrug, soliciting instructions as to whether the procedure prescribed in Rule 54 of the rules issued under the Local Boards Regulation for the recovery of house tax in Unions has to be followed also in the case of recovering the tax on vacant building sites and kanas, the revenue from which has been specially assigned by Government for the benefit of the Unions concerned in accordance with Government Order No. 5413-30—L. B. 51-11, dated 23rd December 1904.

No. 9935-13--L. B. 232-07-2, DATED BANGALORE, 4TH APRIL 1908.

ORDER THEREON.—The President is informed that the assignment of the revenue from tax on building sites and kanas does not convey to the District Board the administrative control over the tax and the right to levy it by summary process as in the case of house tax but only makes the Board entitled to the revenue derived by Government from this tax.

2. The Revenue Department should therefore continue to collect the tax and pay the collections into the Treasury, the Treasury Officer under the directions of the Comptroller crediting the amounts by book transfer to the Funds of the respective Local Bodies.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Memo No. 10300, dated the 25th March 1908, from the Revenue Commissioner in Mysore, forwarding the following report of the President of the District Board, Shimoga, on the cattle show held at Rampura in the Honnali Taluk in February 1908:—

1. I have the honor to submit the following report on the annual cattle show at Rampura in the Honnali Taluk.

2. The show is held at Rampura on the right bank of the Tungabhadra during the Halaswami Jatra which commenced this year on the 19th February 1908, and lasted for a week.

3. The site of the jatra is situated close to the Shimoga-Honnali Road about five miles from Honnali and 19 from Shimoga. The occasion of the jatra is taken advantage of to hold a cattle-fair. A large number of people, chiefly agriculturists, collect at the jatra from all parts of the District and several raiyats from South Canara resort to the cattle-fair for the purpose of buying bullocks for agricultural purposes.

4. On a rough estimate, about 10,000 head of cattle had been brought to the fair this year for sale.

5. The undermentioned gentlemen acted as Judges:—

1. Mr. Nadig Sansiddappa, patel of Sasvehalli.
2. Mr. Siddappa, patel of Govin Koni.
3. Patel Santappa of Kotemallur.
4. Patel Sivalingappa of Jenhalli.
5. Sunkadakatte Halappa.
6. Patel Channappa of Seiatur.

6. After inspection of all the cattle assembled, the Judges made a selection of 25 animals for the show which was held in an enclosure erected for the purpose. Of these the following were the winners of prizes:—

Serial No	Name	Owners of Exhibits.		Prizes awarded	
		Village	Taluk	What for	Amount
1	Basalingappa ...	Kukvada .	Davangere ..	Pair of plough bullocks	Rs. 20 Prize No. 1
2	Karo Basappa ..	Thavangee .	Channagiri .	Do do ..	,, 10 do No. 2
3	Raghavendrappa ...	Honnali ..	Honnali .	Pair of draught bullocks	,, 20 do No 1
4	Pakeerappa ..	Malebennur ...	Harihar Sub-Taluk	Do do .	,, 10 do No. 2
5	Ramanna ...	Sunkadakatte ..	Honnali ..	Breeding bull .	,, 15

The owners of the bullocks for which prizes were awarded were residents of this and the Chitaldrug Districts.

7. I attended the show and after distributing the prizes made a speech in Kannada dwelling upon the importance of improving the breed of cattle in the country and upon the advantages of cattle exhibitors.

8. The prizes of cattle ruled rather high probably due to the large demand created by the heavy mortality among cattle in the past year, one pair of bulls belonging to Hanumappa of Golharhalli, Honnali Taluk, was sold for Rs. 400 and an offer of Rs. 300 was refused for a breeding bull.

9. Photos of the animals which gained the prizes were taken and certificates were issued with the seal of the District Board as per Government orders and under the signature of the Judges and the Amildar and the President.

10. The Inspector of Cattle Diseases did not attend the show although due intimation had been sent to him.

11. There were no exhibits of milch cows or buffaloes.

12. A pair of bulls, stated to be twins, was also exhibited. There was no point of difference between them. Both of them were of the same size, color, and bore the same marks, so that it was difficult to distinguish which of them first saw the light of day at the time of birth.

No. 10311-20—L. B. 346-07-2, DATED BANGALOLE, 15TH APRIL 1908.

ORDER THEREON.—Recorded. A mounted copy of the photos taken should be sent up in the present and future cases with particulars noted behind the mounts.

READ—

Letter No. 381, dated the 3rd March 1908, from the President of the District Board of Chitaldrug, soliciting instructions as to whether the District Board should obtain sanction of Government in each case of authorizing an Union Panchayet to hold small amounts as permanent advance in spite of the fact that under Rule 108 of the rules issued under the Local Boards Regulation the Board is competent to sanction small advances.

No. 10967-75—L. B. 319-07-2, DATED BANGALORE, 28TH APRIL 1908.

ORDER THEREON.—As the allotment for imprests to Taluk Boards and Union Panchayets, sanctioned in Government Proceedings No. 3224-32—L. B. 4-04, dated the 23rd September 1905, has been exceeded, the Comptroller has taken objection to the fresh imprests sanctioned by the Board, but as several Unions have come into existence after the order referred to above was passed, the Comptroller is authorized to accept sanctions by the District Board of permanent advances, not exceeding Rs. 50 in any case, to each Union which has already been formed or which may come into existence hereafter.

The amounts thus sanctioned by the District Boards for new Unions will be in addition to the allotments fixed for each district in Government Proceedings No. 3224-32—L. B. 4-04-16, dated the 23rd September 1905.

Letter No. 10314, dated the 23rd March 1903, from the Revenue Commissioner in Mysore, forwarding for information copies of the reports of the Deputy Commissioner of Mysore and of the Amildar of T.-Narsipur Taluk on the holding of a cattle show at Mudukadore organized on the representation of the people out of private subscriptions.

Letter No. 692, dated 12th March 1908, from the President of the District Board, Mysore, to the Revenue Commissioner.

"With reference to your Official Memo of the 19th January 1903, regarding the cattle show at Mudukadore in the T.-Narsipur Taluk, I have the honor to submit herewith copy of a report dated 5th March 1908, by the Amildar of the T.-Narsipur Taluk giving a brief and interesting account of the show of this year. Mr. N. Rama Rao as soon as he took charge of the T.-Narsipur Taluk made an attempt to organize this show at Mudukadore during the jatra with private help and I am glad to say that his attempt was attended with success. The amount subscribed for the purpose was Rs. 437-8-0, of which Rs. 263 was collected, leaving Rs. 174-8-0 to be still collected. Of the sum realized, Rs. 110 was given away as prizes to the best exhibits, Rs. 49-11-2 was spent on account of "Mantapotsavam" of Mallikarjunaswami, and the balance Rs. 103-4-10 has been kept in the Government Savings Bank for forming a sort of Reserve Fund in connection with the cattle show proposed to be held in future years. The representation for help from the District Funds will be placed before the District Board at its next meeting and the result reported to Government.

Report dated 5th March 1908, from the Amildar of T.-Narsipur taluk.

On report made that some leading men in T.-Narsipur Taluk desired to organize a cattle show at Mudukadore by private subscription, permission was accorded by the Deputy Commissioner of Mysore to hold a cattle show at this year's Mudukadore Jatre, from the 11th to the 14th February 1908 on the lines of the Chunchankatte Show of 1907.

The Deputy Commissioner had the event notified in the *Mysore Gazette* and the *Revenue* and *Agricultural Gazette;* and issued special orders to all the taluks in the district to give it wide publicity. He also graciously consented to encourage the movement with his presence.

A general meeting of sympathisers was held at the Taluk Cutcherry on the 16th January 1908. In spite of the shortness of the notice, almost all the important landowners of the taluk attended, showing clearly the widespread interest evoked by the movement. It was resolved to have funds in reserve to give the show some degree of permanency and Rs. 437-8-0 were subscribed, of which Rs. 166 were paid on the spot, and deposited in the Savings Bank. It was next resolved that the Mudukadore Show should be conducted on the lines of the Chunchankatte Show of 1907, subject to the general control of the Deputy Commissioner. It was further resolved that this being the year of inauguration of the Show, Rs. 50 should be set apart for worship at the Mudukadore Shrine, to invoke divine blessings and protection.

As finally settled the following prizes were to be awarded :—

Class (a).

Best pair of Agricultural Bullocks.

		Rs.	
I	Prize	20	Rs. 55
II	,, ...	15	
III	,, ...	10	
IV	,, ...	10	

Class (b).

Breeding Bulls.

I	Prize	15	Rs. 25
II	,, ...	10	

Class (c).

Bull Calves.

I, II, III and IV—4 prizes of Rs. 5 each ...	20
	100

Class (d)

	Rs.
I prize of Rs. 10	10
II prizes aggregating in value to	110

The following non-official gentlemen were selected to form a Committee of Judges.

1. Mr. Talkad Krishna Rao.
2. ,, Hiriyur Chitigappa.
3. ,, Kurubur Mallikarjuniah.
4. ,, Sosale S. Maridevaru.
5. Mr. Gargeswari Bahudin Saheb.
6. ,, Ukkalagere Rangacharlar.
7. ,, Talkad Sivabasava Devaru.
8. ,, Sosale Mohadin Saheb

As at Chunchankatte, the Deputy Commissioner or some officer appointed by him was to be President and the Amildar an official member.

A copy of the resolutions was submitted to the Deputy Commissioner, and met with his approval.

The Deputy Commissioner was unfortunately prevented by circumstances beyond his control from gracing the occasion with his presence, and deputed the Senior Assistant Commissioner of Nanjangud Sub-Division, to preside over the Committee of Judges.

The hearty co-operation of all the Amildars in the district had been demi-officially requested, and the undersigned begs to thankfully acknowledge that in most cases it was willingly rendered.

The show was declared open on the 11th February 1908, an elevated *maidan* at the foot of the sacred hill was the site chosen. It is about 6 acres in extent and would ordinarily suffice for 1,500 heads of cattle. Clumps of small trees scattered about on the land give it just the proportion of sun-shine and shadow dear to the heart of the cattle owner, as best suited for the health and condition of his cattle. This maidan was divided into lots of about two acres each, and apportioned into cattle lines with due provision for approaches. A good supply of fodder was secured to be sold at cost price to the exhibitors. Cattle began coming in on the 11th.

A preliminary meeting of the judging committee was held on the 12th to discuss the mode of award. It was decided that each member should independently furnish a list of the cattle, which in his opinion, had a chance of reward. The selection was the first step in the process of award; and the animals thus selected were to be picketted separately from the rest in groups corresponding to the classes to which they belonged. The prize winners were to be selected ultimately from these groups by all the judges together.

On the 14th February 1908, the exhibition ground presented quite a gay and animated appearance. There were altogether about 600 heads of gorgeously caparisoned cattle. Buyers were not wanting, and animals worth about Rs. 4,000 changed hands. Almost all the animals were very high in class and in excellent condition. The best of them were by no means inferior to the best exhibited at Chunchankatte in 1907. Most of them belonged to the Mandya Hallikar breed Neither the Bettadapur nor the Madesvarabetta breeds were properly represented. There were a few pairs of Baragur cattle, but they were no where in the competition. There were no cows worth mentioning, and to avoid the absurdity of making an award to a ridiculously ineligible animal the prize of Rs. 10 allotted to the class was split into two prizes of Rs. 5 each, and transferred to class C, bull calves, which was splendidly represented.

The following were the prize-winners :—

Class A. Bullocks.

I Rs. 20 Mahantappa of Binakanahalli, T.-Narsipur Taluk. Pair of white Hallikar bullocks. 6 teeth.

II Rs. 15 Madegowda of Mugur, T.-Narsipur Taluk. Pair of grey Hallikar bullocks. 6 teeth.

III Rs. 10 Malvalli Biregowda of Kandakere. Pair of white Hallikar bullocks. 6 teeth.

IV Rs. 10 Budanur Hotte Siddegowda, Mandya Taluk. Pair of black Hallikar bullocks. Full mouth.

The 3rd prize was awarded by the judges to Mr. N. Rama Rao, Amildar of T.-Narsipur, for a pair of Bettadapur bullocks, 6 teeth and 4 teeth, but as he would not accept the money prize and took only a certificate, the money was given to the next in the order of merit.

Class B. Breeding bulls.

I Rs. 15 Kalkuni Amir Saheb, Malvalli Taluk. Hallikar bull. Iron grey. 6 teeth.

II Rs. 10 Chikkamegala Koppal Chinnagowda. Hallikar slate colored bull. 4 teeth.

Class C. Bull calves.

Rs. 5 each.
- I Gare Dasi of T.-Narsipur.
- II Butanhosur Bolegowda, Mandya.
- III Dasegaudana Koppal Chikka Viregauda, T.-Narsipur.
- IV Hunagahalli Sidda of Malvalli.
- V Alahalli Chamegauda, Malvalli.
- VI Kottagal Madegauda, T.-Narsipur.

The award was finished on the 14th and the prizes and certificates in the usual form were distributed the next morning by the Amildar of the T.-Narsipur Taluk at the orders of the Sub-Divisional Officer of Nanjangud, who had to go away on other business to Nanjangud. It will be remembered that Rs. 50 had been set apart for divine service. This amount was utilized for a *Mantapotsavam* in a pandal raised on the exhibition ground, to which all the cattle owners were invited to attend. The cattle were taken in procession before the idol. The winners were garlanded and received their prize money in neat little velvet purses with certificates and words of encouragement. The function closed with distribution of *prasadam* to all the cattle owners. Considerable enthusiasm prevailed. If only the Deputy Commissioner had not been unfortunately prevented from presiding at the event, and giving an additional value to the prizes by personally distributing them, the show could have confidently been called a success.

In fact Mudukadore is admirably adapted for a cattle fair. It has all the natural advantages of Chunchankatte-plenty of shade and water, and a vast concourse of people. A show there, is bound to succeed and would certainly stimulate cattle breeding and trade in the district. This year's show was brought to a successful conclusion by private initiative and co-operation. The result is no doubt gratifying but it would probably be too much to expect that the enthusiasm which started the move-

Local Fund Sanitary (Local Boards), dated 28th April 1908.

ment can have strength enough to sustain it or make it permanent, of the amount collected, after all expenses have been met, a balance of Rs. 103-4-10 remains to the credit of the show in the Savings Bank. Of the total amount subscribed Rs. 74-8-0 yet remains to be collected. The total sum available for the future will therefore be Rs.277-12-10 yielding an annual interest of a fraction over Rs. 7, which might suffice for one prize and no more. The show cannot become an annual event, unless Government make it so. It is respectfully proposed that Government sanction might be obtained for an annual cattle show at Mudukadore, during the jatra festival. Rs. 100 might be allotted for prizes. One half of this amount might be met out of the Muzrai funds of the Sri Mallikarjunaswami temple. The jatre gives this institution an annual income of Rs. 400, on the average, and as the cattle show and the gradual development of cattle trade there, will certainly benefit this income, the proposed contribution would not be unfair. The other half might be met by the District Board. The interest accruing from the Reserve Fund contributed by the T.-Narsipur *raiyats* might be constituted a special prize for the best cow exhibited each year. All the papers connected with the show are most respectfully submitted."

No. 10979-81—L. B. 350-07-2, DATED BANGALORE, 28TH APRIL 1908.

ORDER THEREON.—Recorded.

2. Government note with satisfaction the interest evinced by the Amildar Mr. N. Rama Rao in the organization of the show.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 21st April 1908.

No. 10511-51 —Mi.. 7-07-5, dated Bangalore, 21st April 1908.

Order.—As it has come to the notice of Government that in some Municipalities no correct record is maintained of advances made from their funds, Government consider it desirable that every disbursing officer should maintain a Register of Advances showing at a glance all particulars of advances made and of their adjustment when this ensues; and they accordingly direct that a register be maintained for the purpose in the form given below. When there is a change in the incumbency of an office the outgoing and incoming officers should examine the Register and attest it and prompt attention should be paid to the Comptroller's monthly and yearly statements of outstanding objections by which the officers concerned are regularly kept informed of the action required of them. By so doing Government hope that there will be few cases of delayed adjustment.

Register of Advances.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following letter No. 5297—328, dated 6th January 1908, from the Inspector-General of Education in Mysore.

1. I have the honor to acknowledge receipt of your letter No. 6031—Edn. 141-07-3, dated 21st December 1907, and to request that Government may be pleased to lay down in clear terms that the Lady Superintendent of the Maharani's College is an officer subordinate to the Head of the Education Department. The question whether the Lady Superintendent is or is not subordinate to the Inspector-General should never have been raised. It was never intended by Government that the Maharani's College should be under the direct control of Government, nor has the Lady Superintendent ever been given the right of corresponding directly with Government. I shall be thankful if Government are pleased to define clearly the position of the Lady Superintendent in relation to the Inspector-General for her guidance in future.

2. Some members of the Committees of the Maharani's College and two or three other Girls' Schools have been under a wrong impression that Government have deputed to them all powers of administration and control with reference to their schools. This impression has created many misunderstandings in the past between the Committees and the Head of the Department. The Girls' School Committees were first appointed in March 1891 when Government decided to take over the Maharani's School which was till then an Aided Institution. As Education Secretary I had a share in framing the rules for the guidance of Committees. It was never intended that the Committees should take over from Government or the Head of the Department the entire control and administration of the schools. The rules however were misunderstood by some Committees and therefore I had to propose several times amendments of the rules. These amendments have practically made no difference in the attitude taken up by the Committee of the Maharani's College, which has continued to act as if it was independent of the Head of the Department. The University Commission inspected the Maharani's College on the 28th July 1905. One of the heads on which they had to report was "the management and constitution" of the College. The members of the Commission had a long discussion among themselves and with Lady Superintendent of the College about "the management and constitution" and the rules for the guidance of Committees. They have stated their opinion definitely in their report that "the institution is under public management but there is a Committee appointed by the Mysore Government which was intended to exercise general supervision over the College." "Except in the matter of admission and dismissal of pupils the rules contemplate that the School Committee should be merely an advisory body, all other matters of internal management being left to the Lady Superintendent, and all matters of administration and control to the Government and the Department." Even after this authoritative opinion was communicated to the Lady Superintendent in the Commission's report, it does not appear to have removed the erroneous ideas of the Committee's powers and functions.

3. I may be permitted to refer to the rules of the Bengal Educational Department regarding the Committees of Government Secondary Schools sanctioned in 1903 by the Government of Mr. Bourdillon (later Sir James Bourdillon) who was acting Lieutenant Governor of Bengal and subsequently Resident in Mysore. "Visiting Committees" were appointed for all the Government Secondary Schools, and it was distinctly ruled that "the Visiting Committees should have no power to issue any orders to the Head Masters of Schools, but their functions should be confined to the offering of advice which will receive due consideration from the school authorities and the officers of the Education Department."

4. Under these circumstances I request that Government may be pleased to replace the present Committee of the Maharani's College by an advisory Board of Visitors. I also submit that in all Government Girls' Schools of the State the present Committees which have not given satisfaction may be replaced by advisory Boards of Visitors. I beg to submit for approval and sanction at an early date a set of rules about the formation of the Boards and their functions in relation to their schools.

Rules for the formation and guidance of Boards of Visitors for Government Girls' Schools.

1. A Board of Visitors shall be appointed for every Girls' School maintained from State Funds.

2. The Board of Visitors for the Maharani's College will be appointed by Government.

The Boards of Visitors of all other Government Girls' Schools shall be appointed by the Inspector-General of Education.

3. The number of Visitors for any institution shall in no case be less than two or more than six.

4. The functions of the Visitors shall be purely advisory. They shall exercise general supervision over the progress and efficiency of their school, visit and inspect it occasionally and secure as far as possible the sympathy, confidence and co-operation of the people in the cause of female education.

5. The head of each school shall afford the Visitors every help in the way of making any enquiries that they may consider necessary, and to give them any information they may require regarding the work of the institution.

6. The Visitors shall have power to record their opinions and recommendations in a book to be kept for the purpose on all matters affecting the progress, efficiency or popularity of the school.

7. The opinions and recommendations of the Visitors shall be communicated at the end of each month or earlier if necessary, in the case of Maharani's College by the Lady Superintendent to the Inspector-General, and in the case of all Government Girls' Schools by the Head of each school to the Inspecting officer in whose administrative charge the school is placed. These opinions and recommendations shall receive due consideration from the Inspecting officers.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No 10357—Edn. 229-07-2, DATED BANGALORE, 16th APRIL 1908.

ORDER THEREON.—Government observe that, as pointed out by the Inspector-General of Education in his letter read above, it was never intended that the Lady Superintendent of the Maharani's College should be directly under Government and not under the head of the Education Department, or that the Committees of Girls' Schools should take over from Government or the head of the department the entire control and administration of the schools. To prevent future misunderstanding, the Lady Superintendent will be definitely informed that she is an officer subordinate to the Inspector-General of Education and that in all matters connected with the management of the school she should correspond with the Inspector-General of Education and not directly with Government.

2. The Girls' Schools Committees are also intended only to be advisory bodies, and in order to make this quite clear, the Committees will in future be designated "Boards of Visitors." The revised rules proposed by the Inspector-General of Education in regard to the constitution, powers and duties of these Boards, are approved subject to the following modifications :—

(1) The Boards for schools at District Head-quarters will, as at present, be appointed by Government and not by the Inspector-General of Education.

(2) The number of Visitors for the Maharani's College will be fixed at six, two of whom at least will be pandits of the orthodox class. They will be selected every three years and shall as far as possible be residents of the Mysore City.

3. The rules as thus modified will read as follows and will come into operation at once :—

1. A Board of Visitors shall be appointed for every Girls' School maintained from State funds.

2. The Board of Visitors for the Maharani's College, Mysore, and for all Girls' Schools at District Head-quarters will be appointed by Government.

The Boards of Visitors of all other Government Girls' Schools will be appointed by the Inspector-General of Education.

3. The number of visitors for any institution shall in no case be less than two or more than six.

In the case of the Maharani's College, Mysore, the number of visitors shall be six, two of whom at least will be pandits of the orthodox class. They will be selected every three years and shall as far as possible be residents of the Mysore City.

4. The functions of the visitors shall be purely advisory. They shall exercise general supervision over the progress and efficiency of the school, visit and inspect it occasionally and secure as far as possible the sympathy, confidence and co-operation of the people in the cause of female education.

5. The head of each school shall afford the visitors every help in the way of making any enquiries that they may consider necessary, and give them any information they may require regarding the work of the institution.

6. The visitors shall have power to record their opinions and recommendations in a book to be kept for the purpose on all matters affecting the progress, efficiency or popularity of the school.

7. The opinions and recommendations of the visitors shall be communicated at the end of each month or earlier if necessary, in the case of the Maharani's College by the Lady Superintendent to the Inspector-General and in the case of all Government Girls' Schools by the head of each school to the Inspecting Officer in whose administrative charge the school is placed. These opinions and recommendations shall receive due consideration from the Inspecting officers.

4. In addition to the other powers given to all Boards, the Board for the Maharani's College will, until further orders, continue to exercise supervision over admissions and dismissals of pupils. It will meet every quarter or oftener if necessary, for disposing of questions of admissions and dismissals and will also have power to record at its meetings any suggestions it may have to make regarding improvements in the course of studies or in the general management of the institution or the principles upon which the institution should be conducted. Meetings

Local Funds and Sanitary (Education), dated the 16th April 1908

will be convened by the Honorary Secretary and the members may elect a chairman at each meeting.

Note.—Rai Bahadur Mr. A. Narasimha Iyengar will continue as Honorary Secretary for the present, but the Board itself will be reconstituted entirely as regards the other five members. The Inspector-General will be requested to submit the names of the other members proposed to be appointed to the Board.

Letter No. 601, dated the 24th March 1908, from the Deputy Commissioner, Mysore District, stating that one Postal and one Telegraph Guide were purchased at a cost of annas eight in July 1906, for the use of his office, that the same was accounted for in the detailed contingent bill of his office for August 1906, but that the Revenue Commissioner has taken objection to the purchase of the books without Government sanction, and soliciting sanction to their purchase under Article 98 (*c*) of the Civil Account Code.

2. Unofficial reference No. 348, dated 31st March 1908, from the Comptroller, Mysore Government.

No. G. 5973-6013—G. M. 243-07-2, DATED BANGALORE, 15TH APRIL 1908.

ORDER THEREON.—Under Article 98 (*c*) of the Civil Account Code, no books, periodicals, etc., are to be obtained without Government sanction. But in view of the fact that the Postal and Telegraph Guides are books of general reference required by all offices, Government direct that the expenditure incurred on the purchase of these guides may be treated as an ordinary contingent charge and the special sanction of Government to their purchase need not be required in each case.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government.
The Deputy Commissioner, Mysore District.
All Heads of Departments, and Deputy Commissioners of other districts.

Exd.—C. S.

READ—

Government Proceedings No. G. 5331-7—G. M. 276-05-9, dated the 26th February 1907, passing orders on the report of the Chief Engineer of Mysore, regarding the defalcation of Marahmat funds in the Bangalore Deputy Commissioner's office and calling upon the several officers who were in charge of the Bangalore District during the period in which the defalcation took place, to explain why they should not be required to recoup the sums defalcated.

2. Letters No. 7339, dated the 8th May 1907, and No. 3728, dated the 22nd May 1907, from the Comptroller to Government, Public Works and Railway Branch, and the Chief Engineer of Mysore, respectivley, further reporting on the Marahmat funds in the same office.

3. Explanations submitted by the several officers in accordance with the Government order read above.

No. G. 6309-23—G. M. 284-06-17, DATED BANGALORE, 29TH APRIL 1908.

ORDER THEREON.—The reports submitted by the Chief Engineer and the Comptroller disclose a further defalcation of Rs. 16,619-8-0 by the Marahmat clerk by rendering false accounts which together with the amount of Rs. 18,114-15-11, already reported as the deficiency in the cash balance, brings the total amount defalcated to Rs. 34,734-7-11.

2 * * * * * * *

3. The causes that led to the defalcation may be briefly summarised as follows:—

(*a*) The granting of a cheque by the Executive Engineer to the Deputy Commissioner for the entire amount allotted to the latter for works, the encashment of the cheque and the keeping of the whole amount as an imprest to be accounted for direct to the Examiner, Public Works and Railway accounts;

(*b*) Non-submission of bills for audit as required by para 1254 of the Public Works Department Code;

(*c*) Absence of scrutiny over the work of the Marahmat clerk; and

(*d*) Absence of ordinary precautions in drawing cheques, etc.

4. Of these four causes, the first two were faults in the system and the other two were due to laxity and want of supervision on the part of the Deputy Commissioners and their responsible ministerial subordinates. If the proper procedure of either making the Deputy Commissioner an imprest holder under the Executive Engineer, or a Public Works disburser supplied with funds direct by the Examiner on letters of credit, had been followed and if the Examiner, Public Works Accounts, had periodically examined the accounts, defalcation on such a large scale would not have been possible and any dishonesty which actually occurred would have been discovered sooner.

5. As regards the responsibility of the several Deputy Commissioners in charge of the District during the period of the defalcation, to make good the amount which cannot be recovered from Rama Rao, the explanations received from them go to show

that the defalcation was rendered possible by the defective procedure noticed above and by the negligence of several other officers and officials, for which they should not be held responsible. The method employed by the clerk consisted chiefly in the manipulation of the cheques and the payees' receipts after they had been signed by the officer,—in entering the amount only in figures before getting the cheques signed by the officers and subsequently entering the amount in words after suitably altering the entry in figures, etc. As regards the challans in which the amounts both in figures and words were perceptibly altered, the negligence in paying them was chiefly on the part of the Treasury. Though the payments were not strictly Treasury transactions, still the cash chest was in the custody of the Treasury officer and the challans were examined by the Treasury officials before payment, just as in the case of other regular Treasury payments. If the Treasury officials had been vigilant and had refused payment of such manipulated challans and reported the matter to the Deputy Commissioner, the fraud would have easily come to light in its early stages. Regarding challans in which the amount was entered only in figures and not in words, the officers who signed them are no doubt liable to be blamed for not noticing this omission which facilitated the subsequent manipulation of the challans, but the ordinary checks in such matters are exercised by the responsible ministerial officials of the Deputy Commissioner's establishment, *viz.*, the Sheristadar and the Head Accountant, who generally initial such challans taken to the Deputy Commissioner or other officer for signature. If liability to recoup amounts defalcated on such challans is to be enforced on account of this negligence, the Sheristadar or the Head Accountant should be held equally responsible with, if not more than, the officers who signed the challans.

6. The only other way to have prevented the fraud was to have checked the accounts from time to time and to have verified the account cash balance with the District Treasury cash balance. It would be difficult to expect the Deputy Commissioners with their multifarious duties to personally undertake this examination or to expect the Assistant Commissioners attached to the District to examine accounts kept in the Deputy Commissioner's office without the Deputy Commissioner's specific instructions. The District Sheristadar as the chief ministerial officer of the District office should have performed this duty. As regards the comparison of the actual cash in the imprest box with the account balance, surprise examinations of this kind would not be made in the absence of any suspicion, and as for examinations of which the clerk had notice—as at a change of Deputy Commissioners—the clerk could have easily found means to manipulate his accounts so as to make the account balance agree with the cash on hand.

7. It will thus be seen that number of small omissions on the part of several officials and officers has contributed to the defalcations having gone on undetected for a series of years. None of these omissions can by itself be regarded as the sole or chief factor that contributed to the fraud and the fraud was only possible owing to the combination of all these omissions.

8. It is therefore difficult to lay down any fair and equitable rule of liability for recouping the amounts defalcated, and to be fair and equitable, each challan will have to be examined and the causes which facilitated fraud in connection with it analysed, before any one person can be fixed upon as more responsible than others to recoup the amount of such challan. Government observe that such an examination will occupy much time and in the end may not lead to any definite results.

9. Under all the circumstances of the case, Government consider that it is not practicable to assess the degree of responsibility of the several officers concerned, and accordingly direct that the balance remaining unrecovered from the property of the Marahmat clerk Rama Rao be written off the accounts. Government, however, cannot overlook the extreme laxity of supervision and want of even ordinary business precautions on the part of the officers concerned in dealing with large sums of money, and are constrained to observe that it reflects no credit on them to have allowed such malpractices to continue for a number of years without detection.

10. Government note that the system which was in vogue, of securing in an Imprest Box in the District Treasury the amounts drawn on cheques received from

General (Miscellaneous), dated 29th April 1908.

the Executive Engineer and withdrawing it on challans signed by the Deputy Commissioner, which so largely facilitated the commission of fraud, has now been discontinued. Letters of credit are reported to be issued by the Comptroller in favor of the Deputy Commissioner who draws the amount required from time to time directly from the Treasury on cheques in accordance with one of the methods prescribed in para 1633 of the Public Works Code. Government direct the strict observance of this system in future.

11. The Deputy Commissoner should also, as laid down in para 1638 of the Public Works Code, send a monthly abstract of receipts and disbursements showing the total cash received and total expenditure on each work in progress, to the Comptroller, Public Works Branch, with vouchers for all payments in excess of Rs. 10. On completion of each work, the Deputy Commissioner should prepare a bill and submit it to the Comptroller. An annual bill for the repairs executed should also be submitted regularly. The rule contained in para 1643 of the Code, which requires that the Public Works revenue or other receipts, realised by civil officers carrying out Public Works, must not be expended but paid into the Treasury, should be strictly observed.

12. Government also wish to impress on the minds of officers that the officer signing a cheque is expected to satisfy himself by a reference to the registers maintained in his office that the work or the repairs for which each cheque is issued has been sanctioned, that there is an immediate demand for payment and that the amount of cheque is entered clearly both in words and figures so as not to afford facilities for imperceptible alterations. These ordinary precautions form part of the duties of every disbursing officer.

13. For securing better check it is also directed that the Comptroller who periodically inspects the registers and accounts maintained in the Public Works Divisional Offices, should periodically examine and audit the accounts maintained by the Deputy Commissioners and other officers, such as the Inspector-General of Police, Inspector-General of Education, Excise Commissioner and the Chief Commandant, who act as Public Works disbursers, and the Comptroller is requested to issue necessary instructions in the matter.

14. As regards the suggestion that trained accountants to be nominated by the Comptroller, Public Works and Railway Accounts, should be appointed in the offices of Public Works Disbursers, as Marahmat clerks, Government reserve the subject for consideration in connection with the communication promised by the Chief Engineer in his No. 3728, dated 22nd May 1907.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Re

Correspondence with the Military Assistant's letter No. 1368 of the 31st October 1907, to the address of the General and Revenue Secretary to the Government of Mysore, forwarding papers relating to the revision of the establishments attached to the Imperial Service Transport Corps.

No. 3160-1—221, DATED BANGALORE, 3RD APRIL 1908.

ORDER THEREON.—In Proceedings No. 12961-62—Mis. 3420 of the 1st April 1901, Government were pleased to direct that the strength of an independent Transport Corps organized for purposes of Imperial Defence shall be fixed at 300 carts and 700 ponies and the cost of its annual maintenance at 2¼ (two and a quarter) lakhs.

2. The details of the establishment were left to the discretion of the Military Assistant, who was entrusted with the organization of the Corps.

3. From experience gained in the working and maintenance of the Corps since 1904, the Military Assistant has recommended, as necessary for the efficient working of the same, certain revisions in the establishments attached to its various branches. These are now sanctioned as shewn below:—

THE MYSORE IMPERIAL SERVICE TRANSPORT CORPS. ESTABLISHMENT.

4. The above ranks and rates of pay will be substituted for those at present budgetted for under 27 H, Military, 8 Imperial Service Transport Corps,

(1) Head-quarter establishment.

(2) Establishments of the Divisions.

5. The temporary establishment now budgetted for under 27 E, Military 5, temporary establishment for the manufacture of Transport carts, will be omitted in future budgets, the necessary establishment for this purpose having been provided for in the revised scale now sanctioned.

Appointment of officers.

6. With regard to appointment of officers to the new grades now sanctioned, Government direct that all such appointments in the Transport Corps shall be made in conformity with the following rules:—

Military, dated 3rd April 1908.

(*a*) Candidates selected shall be men of respectable family connections and antecedents, of good physique and possess a fair knowledge of English and accounts (at least up to the Lower Secondary Standard) and they should pass a medical examination for fitness for service.

(*b*) On enlistment, the selected candidates will be attached to the Public Works Workshops for a period of one year for instructions in turning, rivetting, moulding, etc., and if favorably reported on at the end of that period by the officer commanding who supervises the workshops will be transferred to the Imperial Service Regiment for six months for further training in—

(1) Equitation.
(2) Veterinary practice.
(3) Shoeing.

(*c*) After candidates have undergone 18 months' training as above, the Chief Commandant will make a special report of each case giving his opinion on the qualification of the candidate for permanent appointment.

(*d*) Such candidates, as are found unsatisfactory at the close or at any period of the probation, will, on the recommendation of the Chief Commandant, be at once discharged.

(*e*) Should any of the officers serving at present in the Corps be considered by the Chief Commandant from physique age, etc., qualified to undergo the training specified in rules (*a* & *b*), they will be permitted to do so but will continue to draw their present salary till they have passed the examinations therein laid down. It being understood that failure to qualify will involve dismissal as soon as a qualified officer is ready to take up the incumbent's appointment.

In the meantime promotion of unqualified men may go on in the usual manner on existing rates of pay so that work may not be hampered pending the qualification of incoming officers.

7. The Chief Commandant will take early steps to enlist suitable men to fill up the existing vacancies and make promotions as noted above.

Appointment of Artificers, Clerks, Drivers, etc.

8. In regard to the entertainment of Artificers, Clerks, etc. in future these appointments should be only given to men who have been pronounced medically fit for active service and who sign on attestation to serve for six years.

These ranks will be classed according to pay.

Those of Rs. 12 and under as Drivers.

And those above Rs. 12 up to 25, (but exclusive of rank of Probationers) as Non-Commissioned Officers.

Batta will be drawn for these ranks at the Transport rates and they will be liable to the Mysore Military Regulations dealing with their respective ranks.

By Order,

R. G. JONES, Lt.-Col.,
Military Assistant.

‡ Calculated as per Codel rules

Military, dated 3rd April 1908.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 15th April 1908.

READ—

Letter No. 93, dated 21st March 1908, from the Deputy Commissioner, Bangalore District, recommending an increase of pay to each of the servants of the Sri Ghate Subrahmanyeswaraswami temple at Dodballapur.

No. 4493-4—Muz. 88-92, DATED BANGALORE, 15TH April 1908.

ORDER THEREON.—During the revision of the tasdik patti of the Sri Ghate Subrahmanyeswaraswami temple at Dodballapur, an establishment consisting of six hands was retained at a cost of Rs. 21 per mensem. Subsequently, the Government in their Proceedings No. 793-4, dated 31st July 1906, appointed a Mantrapushpa man on Rs. 5 per mensem. The Deputy Commissioner reports that the present pay of the temple servants is quite inadequate for them to eke out their livelihood in such a deserted place as the Ghate and strongly recommends that a small increase of one rupee each may be sanctioned to them from the temple funds. It is further reported that the temple was inspected more than once, that the temple premises are kept thoroughly clean and that the temple servants richly deserve the increments proposed.

2. Under the circumstances reported by the Deputy Commissioner, the Government are pleased to sanction an increase of one rupee each to the servants of the temple including the Mantrapushpa man referred to above, with effect from 1st April 1908.

3. The establishment of the temple will hereafter be as follows:—

		Rs.		
1. Archak	... ...	7	per mensem	
2. Paricharak	... ...	5	do	
3. Sruti	... ...	3	do	
4. Mohari	... ...	3	do	
5. Davane	... ...	3	do	
6. Jadmali	... ...	6	do	
7. Mantrapushpa man	...	6	do	
Total	...	33	do	or Rs. 396 per annum, the cost being met from the funds of the temple.

The necessary additions should be made in the tasdik patti of the temple.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Proceedings No. 3793-4, dated 9th March 1906, passing orders regarding the honors to be shown to the Swamigalu of the Sri Yetirajaswami Matt at Melkote, French Rocks Sub-Taluk.

(2) Telegram dated 24th March 1906, from the Agent of the Sri Parakalaswami Matt, complaining that the Swamigalu of the Sri Yetiraja Matt was attempting to enter Melkote with certain objectionable honors contrary to mamool.

(3) Government Proceedings No. 4283-5, dated 28th March 1906, directing that the Government Order of the 9th March 1906, referred to above, should be held in suspense until further orders.

(4) Notice No. 4740, dated 16th April 1906, issued to the Agent of the Sri Yetirajaswami Matt to produce the documents in support of its claim.

(5) Memorials ending with No. 4565—1482, dated 14th April 1906, addressed to His Highness the Maharaja by the disciples of the Sri Yetirajaswami Matt.

(6) Petition Registered No. 5598, dated 25th June 1906, from the Agent of the Sri Yetirajaswami Matt, submitting the documents relied upon by that Matt.

(7) Petition Registered No. 915, dated 13th August 1906, from the Agent of the Sri Parakalaswami Matt, submitting a memo of the facts of the case and also the documents in support of its claim.

No. 4577-90—MUZ. F. 3 of 1902, DATED BANGALORE, 20th APRIL 1908.

ORDER THEREON.—The facts of the case are as follows:—

The Sri Yetirajaswami Matt is the chief Matt of the Tengale Srivaishnava Brahmins of Mysore, with head-quarters at Melkote, French Rocks Sub-Taluk. It enjoys an annual cash grant of Rs. 144-12-0 from the Melkote temple besides a monthly allowance of Rs. 9 from the Palace.

2. In 1898, the Agent of the Matt having applied for the grant of a Rahadari to enable the Swamigalu to proceed to Northern India, the Government issued a Rahadari permitting the Swamigalu to pass unmolested in Mysore Territory with two Swetachatris, two Chamaras, two silver maces, and two Suryapanas. Immediately after the issue of this Rahadari, the Swamigalu left the Mysore Territory on his pilgrimage to Northern India. These insignia were used by the Swamigalu at Kolar on his way back from Northern India early in 1906.

3. On an application from the Agent of the said Matt in December 1905, the Government in their Proceedings No. 3793-4, dated 9th March 1906, read above, sanctioned an escort of six Silledars and a set of bandsmen, to be used by the Swamigalu during ceremonial marches in Bangalore. These honors were shown to the Swamigalu in March 1906, on the occasions of his proceeding to the Civil and Military Station and his subsequent departure from Bangalore. A sum of Rs. 50 was in the same order also directed to be given to the Swamigalu for his first day's Bhiksha in Bangalore.

4. The Agent of the Matt having intimated the Swamigalu's intended return to Melkote, which is the head-quarters of the Matt, at the end of March of that year, the Deputy Commissioner of the Mysore District was requested to issue needful instructions to the Amildars of the taluks in his District, through which the Swamigalu had to pass to give him the needful help and also to issue orders to the temple authorities at Melkote to show him the usual honors in strict accordance with *mamool* on the occasions of his arrival at Melkote and of his visit to the temples there. The Deputy Commissioner of the Bangalore District was also requested to issue necessary orders to the Amildars of the Taluks in his District through which the Swamigalu proposed to pass.

5. On the 24th March 1906, the Agent of the Sri Parakalaswami Matt telegraphed complaining that the Swamigalu of the Sri Yetiraja Matt was attempting to enter Melkote with certain objectionable honors contrary to mamool. The Government thereupon ordered that their order of the 9th March 1906, conferring certain honors to the latter Matt, be held in abeyance until the matter had been fully examined and disposed of. The Agents of the contending Matts were at the same time informed by means of notices that the case would be taken up finally and they were called upon to produce such evidence as might be available in support of their respective contentions.

6. The Sri Yetirajaswami Matt presented petitions urging the grounds on which it based its claims to the honors in question and also produced several documents. The chief of them were (1) the original sannad granted by Maharaja Kanteerava Narasaraja Wodeyar in the year Vijaya, in which it is said that the Sri Yetiraja Matt was established by Sri Ramanujacharya himself and that the Matt was in sole charge of the Sri Narayanaswami temple at Melkote, receiving *Agra maryades* or first honors therein, and managing all the inam lands, etc., endowed to the temple and that instructions of that Matt should be obtained in all matters connected with the temple. It is also mentioned that when the Sri Yetirajaswamigalu goes to Melkote, the Sri Satagopa from the temple should be taken to the bottom of the Hill and when other Swamis visit Melkote, the Satagopa should be taken only to the Balipeeta in front of the *gopura bagal* or main entrance to the temple; (2) the original sannad granted by His Highness the late Maharaja Krishnaraja Wodeyar Bahadur III, in 1831, in which it is directed that when the Sri Parakalaswami visits the Melkote temple personally, the first honors should be shown to him and next to the Sri Yetirajaswami and that the latter should receive the first honors during the former; absence and not his Agent's. (3) copies of inscriptions on the walls of the Melkote temple which are dated Sakha 1466, corresponding to 1542 A. D. in which the then presiding Swamigalu of the Sri Yetiraja Matt is stated to be Vedanta Ramanuja Jeeyar and certain grants are said to have been made in those days to that Matt by the then Ruler Sadasiva Raya of Vizianagaram.

7. The Agent of the Sri Parakalaswami Matt has submitted an English memo objecting to the grant of an escort of six Silledars and a set of bandsmen to the Sri Yetirajaswami, as these honors are prejudicial to the interests of the Sri Parakalaswami Matt. It is further stated therein that the Swamigalu of the Sri Yetiraja Matt is not allowed to go to Melkote temples with such marks of respect, such as Swetachatris, Chamaras, silver maces, Sooryapanas, etc., or pass before the Sri Parakalaswami whenever he goes to Melkote. The documents produced by the Sri Parakalaswami Matt show that the Sri Yetirajaswami Matt should be considered as a Matt next in importance to the six Matts noted in the margin, and that, that Matt is entitled to the honors detailed in the Ayakattupatti of the Melkote temple of the year 1851. The other documents produced relate to affrays between the Tengale and the Vadagale Srivaishnavas in the Melkote temple and have no bearing on the present case.

1. Sri Parakalaswami
2 ,, Ahobalaswami.
3 ,, Uttaradiswami.
4. ,, Sosale Sri Vyasarayaswami.
5 & 6. Manchale Sri Raghavendraswami, Sri Totadriswami.

8. Upon a careful perusal of the evidence adduced by the contending parties, the Government observe that the Sri Yetirajaswami Matt is the only Matt established in the Mysore State by that great Visishtadwaita Saint and Reformer, Sri Ramanujacharya, to whom both the Tengale and Vadagale sects of the Sri Vaishnava community pay homage. This Matt had originally the entire management of the temple at Melkote and of all its endowments, and had also lands and other endowments for its own support granted by the former Rulers of Mysore. It appears to have lost its influence on the advent of the Sri Parakalaswami Matt in the earlier part of the 19th century and to have remained in the background ever since. As the Swamis of the Matt simply confined themselves to their religious occupations and did not go out on tour, they had no opportunities of obtaining Rahadaris for travelling purposes. Some of the documents produced by the Matt show that the Matt had at one time a large establishment and retinue including an elephant and horses. Special honors and privileges such as Theertha, Tirumalai, Satagopa, etc., were shown to the Swamis of this Matt from the temple and these honors which are enumerated in the Ayakattupatti and other records of the temple are shown to the Swamigalu of the Matt even at the present day. The fact that the Sri Yetirajaswami Matt building is situated right opposite to and in close proximity to the temple and the practice which even now obtains of the Archak of the Sri Ramanujacharya's Sannidhi in the temple going every day to the Sri Yetirajaswami Matt and offering flower garlands, etc., to the idol of Sri Yetirajaswami and then to the Guru of the Matt if in station, and also the fact that the Matt was being given a daily allowance from the temple for its support, which allowance has in recent years been converted into a cash allowance, all go to show the esteem in which the Matt has been held for a long time past.

Muzrai, dated 20th April 1908.

9. The honors due from the temple to the Matt being thus undoubted and unopposed, the only question now is what honors should be allowed to it while the Swami travels out. As shown above the Matt has no Rahadaris of old date. It applied to the Deputy Commissioner, Hassan, in 1880 for a Rahadari, but before final orders were obtained on the application, the Swamigalu went away to Northern India. Again in 1898, it applied to the Government for a similar document, and a Rahadari was given. Very few paraphernalia and those of a very ordinary description were granted by that Rahadari and the Swamigalu was using them until prohibited temporarily on the 28th March 1906, pending the settlement of the question regarding the honors due.

10. Considering all the circumstances detailed above, and chiefly the antiquity of the Matt, the Government of His Highness the Maharaja are pleased to direct that the paraphernalia allowed in the * Rahadari of 1898 be now confirmed to this ancient Matt of Sri Yetirajaswami together with the use of a Palki and a Mena which are necessary adjuncts of processions and travelling paraphernalia. The grant of these honors will in no way detract from the high honors and privileges enjoyed by the Sri Parakalaswami Matt.

* Two Swetachatris.
Two Chamaras.
Two Silver maces.
Two Sooryapanas.

11. The next point for consideration relates to the escort of Silledars and the use of bandsmen from the Military Department on the occasion of the Sri Yetirajaswami's visit to Bangalore. The grant of an escort of Silledars is only of a comparatively recent origin and is not borne out by any old sannads or by mamool. The Government consider that such a military display in the case of the Sri Yetirajaswami is unnecessary and accordingly direct that it should be discontinued in future.

12. As regards the allowance for the first day's Bhiksha the Government are of opinion that such a courtesy should be shown to the Sri Yetirajaswamigalu, who is held in high veneration by a large section of His Highness' subjects, and they accordingly direct that the grant of Rs. 50 sanctioned in the Government Proceedings of the 9th March 1906, read above, for his first day's Bhiksha, be continued on his occasional visits to Bangalore.

READ—

Petition registered No. 3367, dated 20th February 1903, from Mr. N. Garudachar, retired Taluk Sheristadar and 1st Grade Pleader now residing in Bangalore, offering to invest Rs. 1,500 in the Mysore Government Savings Bank and requesting that certain specified "Sevas" may be performed in certain temples in the Province out of the annual interest realized therefrom.

No. 4591-4—Muz. F. 31 of 1897, dated Bangalore, 20th April 1908.

ORDER THEREON.—Mr. N. Garudachar, retired Taluk Sheristadar, offers to invest with Government in the Government Savings Bank a sum of Rs. 1,500 in view to the interest realized annually therefrom being utilized for certain sevas or services in certain temples in the Province. The details of the sevas to be performed in each temple out of the annual interest realized on the investment are given in the annexed statement. Out of the sum of Rs. 1,500 offered by the petitioner a sum of Rs. 250 is proposed to be invested in favor of the Sri Krishnaswami temple at Tholsithotam, Bangalore City. for certain sevas in that temple. The Government observe that this institution not being under Muzrai management, they cannot accept the endowment of Rs. 250 relating thereto. Mr. Garudachar should apply to the Managers of that institution.

2. The Government are pleased to accept the offer of the petitioner with regard to the other institutions and they are accordingly pleased to direct that the sum of Rs. 1,250 when received from the petitioner may be invested in the names of the Amildars of the taluks in which the institutions are situated. The annual interest realized therefrom should be drawn periodically and utilized for the performance of the sevas or services stipulated by the donor.

3. The Deputy Commissioners of the Districts concerned are requested to issue needful instructions to the respective Amildars to receive the endowment money, deposit it in the Savings Bank in their official names and designation and draw the interest periodically from the Savings Bank and carry out the sevas specified by the donor in the institutions concerned. The Government see no objection to grant the request of the petitioner to permit him, his heirs or his agents to supervise the sevas stipulated by him, the local officers concerned giving him the necessary help.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Proceedings No. 5569, dated 29th May 1907, permitting Shamiengar to continue in the enjoyment of the portion of the Devadaya Inam lands endowed to the Sri Chennigarayaswami temple at Begur, Kunigal Taluk.

Review application Registered No. 741, dated 13th August 1907, from Srinivasiah, son of Venkatappa (deceased), and Puttiah, brother of the latter, praying that as Shamiengar has been in possession of the temple lands only for 30 or 35 years, he may be dispossessed of them and the same restored to them.

Letter No. 245, dated 4th November 1907, from the Deputy Commissioner, Tumkur District, submitting the records of enquiry connected with the case.

No. 4829—MUZ. F. 7 of 1904, DATED BANGALORE, 30TH APRIL 1908.

ORDER THEREON.—In the Government order read above, Shamiengar's possession and enjoyment of the portion of the Devadaya Inam lands in the Khate of Sri Chennigarayaswami temple at Begur was confirmed. In their review application read above, Srinivasiah, son of the late archak Venkatappa, and Puttiah, brother of the latter, pray that they may be placed in possession of the above lands as Shamiengar's enjoyment of them is of recent origin.

2. The parties were heard by Government on the 15th February 1908, through their respective Advocates. On behalf of the appellants it was represented.

(1) That the title of Venkatappa to the puje office had been decided by Government and that therefore it was unnecessary to re-open it.

(2) That the possession of the lands should go along with the person who performs puje in the temple and that therefore the appellants were entitled to be in the possession of the inam lands in question.

(3) That the Deputy Commissioner's recommendation to confirm the lands in the possession of Shamiengar was based on the assumption that he was in possession of them for about 70 years, that the evidence in this matter taken behind the back of the appellants had not given them the opportunity of rebutting it and that this evidence materially differs from the statements of Shamiengar made before the Amildar on 1st April 1902, 3rd May 1902 and 10th October 1902.

(4) That clause (*a*) of the Notification of 1877 cannot be made applicable to the present case as there was no alienation at all and even assuming that there was an alienation it was not prior to 31st January 1853 And

(5) That the lands may therefore be resumed from Shamiengar and made over to the Pujaris.

3. On behalf of Shamiengar it was represented that the 2nd appellant Srinivasiah's father had stated clearly in his evidence that the entire lands were never in his or in his ancestors' possession but that only half of Survey No. 281 was in the possession of his father and himself. The contention now urged by the appellants that they were the owners of the entire land cannot be upheld because they have all remained quiet for so long a period of over 60 years without protesting against wrongful occupation. In fact they never cared to enquire into the title of the lands and did not make any serious attempt to offer the kandayam due on them to Government. The lands were in the uninterrupted possession and enjoyment of the respondent for a long time. In the absence of any rebutting evidence the evidence of the respondent should prevail and that it is superior to any *ipse dixit* and rambling statements of the appellants. The origin of the endowment being lost in antiquity and the appellants having failed to substantiate their contentions by documentary or other proper evidence, the respondent should not be disturbed in his uninterrupted possession of the lands.

4. As regards the archakship of the temple, the Government observe that this question has already been settled and the Deputy Commissioner has been asked to make a formal appointment according to that order. No separate orders are therefore necessary in the matter.

Muzrai, dated 30th April 1908.

5. As for the inam lands, from the records, received under cover of the Deputy Commissioner's letter read above, it is observed that the inam lands of the temple have all along been in the enjoyment of Shamiengar and his ancestors. No documentary or other evidence has been produced by the appellants to disprove such possession. Only a portion of the inam lands appears to have been enjoyed by the archaks. The above fact is corroborated by the statement of Venkatappa, deceased pujari, who has deposed in the year 1902, that at least for 40 years past the lands have been in the enjoyment of Shamiengar. No proof is adduced contradicting such possession. According to clause *a* of the Notification of 1877 only one half of the assessment has to be levied from Shamiengar but as he himself agreed to pay full assessment, orders have been passed to that effect in the Government order read above, and the pujaris of the temple are getting it in addition to the portion of the land now enjoyed by them. The Government therefore consider that there are no good grounds to dispossess Shamiengar of the enjoyment of the lands under the conditions specified in the Government order read above. The appellants will continue in undisturbed possession and enjoyment of the land now held by them. They will be informed accordingly.

L. ANANTASAMI RAO
Secy., Muz. Dept.

To—The Deputy Commissioner, Tumkur District, returning the records.
